## Chamber of Commerce Asks for Planning Trades Council Lauds Retaining Yerry

### Stang Praised for His Interest In Housing for Low-Income Folks Meeting Representing 39 Affiliated Unions Calls Some Aldermen Juvenile; Hinderance to Progress

Mayor Frederick H. Stang was commended Tuesday night in a resolution adopted by the Ulster and Sullivan Counties Building and Construction Trades Council, AFL-CIO, for his "forthright statement pledging the reappointment of George E. Yerry, Jr., as a member of the Kingston Housing Authority."

The resolution, approved by the council, which represents 39 affiliated local unions with a membership of approximately 12,000, also condemned the "irresponsible action of five Republican members of the Common Council in sponsoring a resolution that tried to usurp the functions of the executive branch of the city government" and asked the mayor to appoint a competent group of citizens to discuss changes in the city charter to provide for the election of five aldermen instead of the present 13.

**Text of Resolution**  
The resolution follows:  
"Be it resolved that the Ulster and Sullivan Counties Building Trades Council, AFL-CIO, here-with commends Mayor Frederick Stang for his forthright statement pledging the reappointment of George E. Yerry, Jr., as a member of the Kingston Housing Authority for the reasons set forth in his statement and with which we fully concur. We further commend Mayor Stang for his interest in furthering adequate and decent housing for the low-income people of the city of Kingston who are now compelled to live in sub-standard areas of the city and for his progressive stand in other matters affecting the growth of the city.

**Commended for Service**  
"Be it further resolved, We also commend the unselfish service being rendered to the city of Kingston by Housing Commissioners Max Mones, John De Gasperis, George Chilson and James DeCicco.  
"Be it further resolved, That we condemn the irresponsible action of five Republican members of the Common Council in sponsoring a resolution that tried to usurp the functions of the executive branch of the city government. If such unwarranted invasion of the executive department was successful it would deter responsible private citizens from accepting positions of trust on the various city boards. We disapprove of the action of those who voted for the resolution.  
"Be it further resolved, We further condemn the juvenile practice of several of the aldermen."

### Javits Will Speak Sunday; Bus Going to GOP Picnic

Attorney General Jacob K. Javits, candidate for the U. S. Senate, will speak Sunday afternoon at the Republican picnic at Sportsmen's Park Rosendale, it was announced today.

The announcement also said that a special bus will leave the central post office here at 12:30 p. m. to take people to the rally. The return trip is scheduled for 4 p. m.

Attorney General Javits accepted an invitation to speak after last Monday's GOP state convention in Albany.  
State Senator Arthur H. Wicks, chairman of the Ulster County Republican Committee, said Mr. Javits was highly pleased with the invitation.  
It was Senator Wicks, former

### Drive for Red Feather Gifts Started by Advance Division

The Advance Gift Division of the Kingston Area Community Chest fund campaign for eight local agencies got underway today following a kick-off luncheon meeting Tuesday at the Governor Clinton Hotel.

Attorney N. LeVan Haver, division chairman, presided at the "Dutch treat" luncheon, at which prospect cards were distributed to the workers.

The division will contact approximately 150 individuals and report back by September 22. Purpose of the division is to solicit a sizeable fund in advance of the general campaign — which kicks off on Sept. 24 — to serve as a stimulus for campaign workers and the contributing public.

### Won't Appear Egypt: Eden

### Protective Group Goal Of Big 3 on Waterway

London, Sept. 12 (AP)—Britain and France announced today the United States is joining them in setting up an international association which will undertake to carry traffic through the Suez Canal.

Egypt will be asked to cooperate and will receive transit dues, Prime Minister Eden and Premier Guy Mollet of France announced.  
If Egypt interferes, the nations concerned will be "free to take such further steps as seem to be required," Eden told the House of Commons. He warned President Nasser of Egypt that not except appeasement from Britain, but insisted his country is moving in every peaceable way to end the Suez dispute.

**No U. S. Comment**  
(In Washington, the State Department has no immediate comment on the Eden-Mollet announcement.)

(However, Italian Ambassador Manlio Brosio, after meeting with Secretary of State Dulles, said the western nations have no plan for formal economic sanctions against Egypt.  
"Formal economic sanctions, in a way, are in the nature of the use of force, and that is a very delicate matter," Brosio said. He added that Britain and France as the two countries most directly affected by the Suez Canal "should give the lead" in any new plan for settling the controversy.)

**Plan Draws Fire**  
Announcement of the new association drew fire quickly from the outnumbered Laborites in House of Commons. Hugh Gaitskell, leader of the Labor party, noted the association plans to employ its own pilots and take in tolls. This "seems like a highly provocative step," he said.  
"In ignoring the charter of the

Republican majority leader in the Senate, who moved that the Javits nomination be unanimous. Starting time of the picnic is 1 p. m. Indications are that more than 2,000 will attend.  
Senator Wicks said, "Candidate Javits has an important message to deliver at the rally." The event is sponsored by the New Paltz Republican Club.  
The event is open to the public. "We're inviting everybody," Senator Wicks said.  
John Roosevelt, youngest son of the late President Franklin D. Roosevelt, is another speaker. The master of ceremonies will be Edmund B. "Tiny" Ruffner, nationally known radio and television personality, who lives in High Falls.  
Republican candidates will be introduced.

Workers in the advance gift division are: Mrs. Gifford R. Beal, G. Herbert DeKay, Bernard A. Feeney Sr., N. Jansen Fowler, Joseph Honig, Oscar Lawatsch, Mrs. Robert A. MacKinnon, Donald B. Otis.  
Also, Elmer A. Ryalence, Clarence S. Rowland Jr., A. B. Shufeldt, George J. Silkworth, Clifford Smith, Walter T. Tremper, John B. Wilkie and Clyde E. Wonderly Jr.  
Others in attendance at Tuesday's meeting were Robert B. Hasbrouck, administrative assistant to Campaign Chairman Paul F. Steinkuller; John R. Warren, executive director of the Community Chest, and Mrs. James F. Snyder, office secretary.

### Tour of 6th Ward Made On Housing

Mayor Frederick H. Stang today indicated that the city might have an answer "in a week or two" as to whether the state will find property in the sixth ward suitable for a public housing project.

The mayor and other officials conferred today with Albert L. Hecht, a representative of the State Division of Housing, who was due to make an inspection tour of sixth ward sites, including the area cleared in conjunction with the Colonial Gardens project.

**Confers With Officials**  
The housing representative conferred with the mayor, George E. Yerry, Jr., chairman of local housing authority, Corporation Counsel James J. Abernethy, and Alexander Yosman, Colonial Gardens manager.

Technical advice and study might be required before a decision is made as to whether any part of the sixth ward area is suitable for a project, it was indicated, and no word is expected before at least a week, or possibly two weeks.

The Common Council recently turned down a housing project as proposed for the Kingman Park area, but through a vote on a proposal by First Ward Alderman Hirschell Mayes indicated that it might consider a sixth ward housing project before approving one in another part of the city.

It was also proposed, however, that the council first take action on city planning before considering a housing project. No committee reports were received on either housing or planning at Tuesday's recessed meeting of the aldermen.

### Churches Backing ABC Board Action

### Area Ministerial Group Praises Earlier Closing of County Bars

Recent action of the Ulster County Alcoholic Beverage Control Board fixing a deadline of 1 a. m. for sale of alcoholic beverages has received wholehearted support from the Kingston Area Ministerial Association.

The association adopted a resolution at its regular meeting Monday night commending the board's action in changing the deadline for such sales from 3 a. m. to 1 a. m.  
The resolution also stated that "we hereby assure said board of our wholehearted support in their endeavor to limit the sale of alcoholic beverages in our county." The vote was unanimous.

Plans have been completed for a spiritual retreat to be held by the ministers at Edgewater Farm, Stone Ridge, on Tuesday, Sept. 25, at which time Prof. Justice Vander Kolk, Ph.D., of the department of systematic theology at the New Brunswick Seminary of the Reformed Church, will be present.  
A budget for the year 1956-57 was adopted and member churches will be asked to make contributions.

### Wiley Is Winner in Wisconsin

(By The Associated Press)

Veteran Sen. Alexander Wiley of Wisconsin won the Republican nomination for the U. S. Senate in one of eight primary contests in which U. S. voters balloted yesterday.

The political hopes of some nationally known figures were dampened in some of the other seven contests. Republican Gov. J. Bracken Lee of Utah conceded defeat in a bid for an unprecedented third term nomination and former Secretary of Agriculture Charles F. Brannan trailed in a campaign for the Colorado Democratic senatorial nomination.

**Won Over Party**

In Wisconsin Wiley, rebuffed by delegates to his own Republican party state convention, won over Rep. Glenn R. Davis, who had the party endorsement. Wiley, 72, is seeking a fourth senate term.

Davis conceded defeat early today when unofficial returns gave Wiley 217,402; Davis 207,693 and Howard Boyle, a third candidate, 20,292.

Utah's Gov. Lee gained national prominence with frequent criticism of President Eisenhower's policies and his refusal to pay part of his 1955 income tax. He was defeated by a political newcomer, George D. Clyde, who said he is "100 per cent behind President Eisenhower."

### UN Probing New Attack On Frontier

Jerusalem, Sept. 12 (AP)—A bloody two-hour clash was reported today on the Israeli-Jordan frontier, Jordan authorities charged a large Israeli force attacked a police post inside Jordan and killed 15 to 19 police and national guardsmen.

Jordan lodged a complaint against Israel with the UN truce supervision headquarters here. UN truce men were investigating. There was no immediate comment from Israeli authorities.

**Indicate 15 Dead**

A Jordanian army spokesman in Amman said preliminary reports indicated about 15 policemen and national guard members were killed. A Jordan military source in Jerusalem said 19 were dead.

Jordan's complaint to the UN truce group said a large Israeli force penetrated Jordan territory and attacked the police station at Rahwa village in the Hebron region, some 20 miles southwest of Jerusalem. It said the Israelis inflicted heavy casualties on the police and then attacked Jordan reinforcements rushing to the scene.

The village is about three miles from the scene of another border incident Monday. Six Israeli soldiers were killed in the earlier clash, Jordan charged that they had attacked Jordan territory. Israel claimed that a UN investigation showed that Jordan soldiers crossed into Israel, killed the Israelis and dragged their bodies back across the border.

### Will Urge City Council To Engage Consultants

Expansion Here Reason for Action; State Pressed for Route, Road Study

The Kingston Area Chamber of Commerce will ask the Common Council of the City of Kingston to take prompt action to make available the services of a qualified firm of planning consultants.

### Sept. 20th Last To Register at Election Board

The deadline for registering at the Ulster County Board of Elections, 74 John street, is Thursday, Sept. 20.

This was announced today to remind Kingstonians of their last chance in case they expect to be out of town on regular registration days.

Personal registration is required in the city in order to vote in the November election, so the pre-registration day period is arranged by law for their convenience.

The Board of Elections office is open daily, except Saturdays, from 9 a. m. to 4:30 p. m.

**Regular Dates**

Dates of registration at the polling places in Kingston's 13 wards are:

October 5, 6 and 12 from 10 a. m. to 10 p. m. and Oct. 13 from 7 a. m. to 10 p. m.

The board advised that although personal registration is not required in county districts, voters should check to see that their names are on the rolls.

**Days in County**

The two registration days in county district polling places are October 6 from 7 a. m. to 10 p. m. and October 13 from 1 p. m. to 10 p. m.

Names of new voters are entered on the county rolls during registration days, and names added that have been left off through error.

Men and women away in the various branches of the armed forces may apply directly to the Division for Servicemen's Voting, Albany 1, New York, until October 25. After that date a personal appearance at the office of the

### Ike Opens Drive Today; Scores Slow Registration

Washington, Sept. 12 (AP)—President Eisenhower, showing some irritation at Democratic campaign attacks, sparks a new drive today to cut down the number of stay-at-home Republicans in November.

Eisenhower told a news conference yesterday he has read that polls indicate Republicans are apparently not registering as fast as Democrats and that "I deplored that situation."  
He is expected to explore it further when he meets late today with an estimated 500 or more Republican leaders from

all sections of the nation at a campaign rally on his farm near Gettysburg, Pa.

The Republican setback in Maine's general election on Monday cast something of a shadow over the rally preparations, although Eisenhower ascribed the outcome there largely to the popularity of Democratic Gov. Edmund S. Muskie, who was re-elected.

"Maine had a very popular governor," Eisenhower said, "and they decided they wanted him again, and his majority was such that he helped every other person on the ticket."

Asked whether he foresees the possibility of a close contest in November, he said "I regard any

### Girl Scout Drive for \$5,000 Planned for Non-Aided Areas

District Attorney Howard C. St. John was named chairman of the \$5,000 finance drive of the Ulster County Council of Girl Scouts, Inc., at a kickoff meeting of county leaders held Tuesday evening at the Governor Clinton Hotel.

The drive will be conducted from October 15 to 19 to obtain sustained funds for Kingston areas not receiving aid from the "Community Chest."

The Chest supports Girl Scouting in the City of Kingston. The new chairman has been active in fund raising activities of the YMCA, YWCA, Boy Scouts, Boys Club, Salvation Army, Volunteers of America, Community Chest and Red Cross.

Mr. St. John was recently presented the Distinguished Service Award by the Kingston Junior Chamber of Commerce in recognition of "the man under 35 who has served Kingston best during the past year."

It was noted that through his

This action was taken at a regular meeting of the board of directors Tuesday evening, at the Governor Clinton Hotel, at which president George J. Silkworth presided.

The preamble to this resolution states in part: "We believe that the need to have the services of qualified professional planning consultants available is a necessity to the City of Kingston to avoid the expenditure of large sums of taxpayer's money, unless the expenditure is part of a long-term, comprehensive plan for meeting the future requirements of an expanding community."

Two other resolutions ask the Mayor and the Common Council of the city, as well as the Board of Supervisors of Ulster County, to petition the New York State Department of Public Works to rush completion and presentation of the Kingston Area Arterial Route Plan proposed in January of 1954. They also ask the State to promptly institute a further study of all area highway requirements.

**Traffic Problem Grows**

The preamble to both highway resolutions state in part: "The seriousness of area traffic problems is becoming more evident every day and will soon become critical. Should an emergency of a serious nature arise the possibility of unnecessary loss of life and property would result. The danger and loss of time now involved and the interference with area residential and industrial construction, as well as the normal development of trade and commerce, is reaching serious proportions."

Action was also taken to appoint a special committee to consider and recommend whether or not a conference of interested agencies and individuals should be called to consider the advisability and possibilities of sponsoring a 300th Anniversary Celebration of the founding of "Wiltwyck" in 1958. It was pointed out that if any such celebration is to be a success it must have the spontaneous approval and support of all citizens.

The Chamber board of directors voted to purchase two sections of a special map available for Ulster county which cover the Kingston area. These will be for the use of several committees studying local problems and their solution.

**Master Plan Essential**

It was interesting to note that most of the area problems discussed pointed up the need for a master plan for future development of Kingston and the area. Highway and street improvements, recreation areas, schools, housing, industrial expansion, parking, traffic control, fire protection, water supply, sewage disposal and others are all interrelated. A spokesman for the Chamber said, "It appears to be impossible to consider any one problem alone because of its effect upon the others. In the interests of economy they should all be considered at one time and

## Yom Kippur Rites Will Be Observed Friday Evening

The holiest day of the Jewish calendar, Yom Kippur, or the Day of Atonement will be observed by those of the Jewish faith at divine services Friday evening and throughout the following day according to an announcement by the Union of American Hebrew Congregations. According to the Bible, Yom Kippur is a day of fasting and abstention for the purpose of scrutinizing one's deeds during the past year and aiming at moral improvement. Jewish tradition holds that before God will

pardon a transgression the guilty person must seek the forgiveness of the individual who was wronged, the announcement said. The worship on the eve of the Day of Atonement begins with the singing of the celebrated hymn, Kol Nidre, Hebrew for "All Vows," a petition for forgiveness for deeds of impetuosity and rashness.

The prayers at both Yom Kippur services emphasize the Jewish belief in man's capacity for spiritual betterment.

## Folder Urging Autumn Travel Is Available

Albany, N. Y.—Publication of a folder inviting motorists to enjoy New York State's autumn foliage was announced by State Commerce Commissioner Edward T. Dickinson.

Mr. Dickinson pointed out that the folder, "The Autumn Colorama in New York state," lists scenic routes and outlooks which provide good views of fall scenery. Free copies may be obtained from the New York State Department of Commerce, 112 State street, Albany 7.

In New York State the foliage change occurs first in the northern areas, usually about the first week in October. The change is two or three weeks later in the southern area and sometimes extends into November. The period of brilliant color in any area is dependent on weather and usually last for nearly three weeks.

### Wandering Tombstone

Little Rock, Ark. (AP)—Someone put a tombstone in the yard behind the house of Mr. and Mrs. Ben Key. The couple considered it a practical joke at first, but decided it must have been a delivery to the wrong address because it had been taken all the way to the rear of the house. They found no identification that would help them return it. So they decided to ignore it on the old theory that if you close your eyes to something long enough it will go away. A few days later the tombstone did just that, vanishing as mysteriously as it had appeared.

### CIVIL DEFENSE WEEK

Civil Defense Week currently is being observed as a means of developing an awareness of the need for general participation in civil defense. The vital role civil defense can play in the life of every individual should be clear to everyone.

In order that all may know and understand civil defense, the local organization will supply you with information. The civil defense provides a protection for our people against enemy attack and also helps to minimize the loss of life and the toll of damage resulting from natural disasters.

There also is another function—civil defense can help to prevent war—which is not generally appreciated.

President Eisenhower is aware of the necessity for the strongest possible civil defense in America. He has proclaimed this week so everyone will have an opportunity to find out for themselves more thoroughly what civil defense really is and what it means to them.

We must all join in making our civil defense efforts increasingly effective if we are going to have the strength needed to secure lasting peace.

Now is the time to get acquainted with your local civil defense organization and learn how they can help you and you can help them.

### TURN UP THE HEAT

It was a congenial group, assembled there in the comfortable middle class American living room. The guest of honor was a university professor who had just returned from a year of teaching and research in England. Conversation was animated, but during a lull the hostess remarked to her husband: "It feels chilly in here, Dear. Will you turn up the heat?"

Friend husband consulted the thermostat and cried out in consternation, "No wonder; it's down to 66 in here!"

Whereupon the man newly returned from England emitted a roar of laughter. When they had calmed him down, he told them about the house in which he and his family had spent the raw English winter. Central heating, a great luxury in the land of roast beef and Shakespeare, consisted of a small coal stove which sent hot water into three widely spaced radiators. Elsewhere in the house, the chill was attacked—but not vanquished—by an assemblage of space heaters.

Result, so far as the Americans were concerned; Misery. Temperatures in the house were only 20 to 30 degrees above those outside. When the mercury fell to 20 above zero, grim cold by British standards, it was about 45 in the living room.

This little story is not told to poke fun at the British. Nor is it told by way of boasting that Americans do everything better. It is told as a reminder that, by and large, we in the United States live a mighty comfortable life and ought to be grateful for it.

### BACK TO SCHOOL HAZARD

In an effort to reduce traffic accidents among children of school age, the Automobile Club of New York has started its annual school safety campaign. Posters, bumper strips on motor vehicles and leaflets for parents warning of the hazards have been distributed by the organization.

The leaflet points out that there is only one route to school which is the safest and parents are urged to go over that route with their children until it is thoroughly learned.

In an effort to aid children who must cross to the other side of the street going to and from school, the following simple rules are offered:

Cross only at corners; look both ways before crossing; watch for turning cars; keep from between parked cars; walk on left facing traffic; be doubly alert on rainy days; obey police officers, adult crossing guards and safety patrol members and traffic signals.

It's hard to tell which problem created by the purchase of a car is more difficult—how to pay for it, or where to park it.

## 'These Days'

By GEORGE SOKOLSKY  
IN QUEST OF RESPONSIBILITY

The fact of the matter is that candidates for the Presidency have to talk too much. There are not that many subjects to discuss in the wild atmosphere of campaign oratory. In the old days, before the press agents, radio and television, the candidate could very well repeat the same theme half a dozen times in different parts of the country and nobody would be the wiser. Now the press agent hands out mimeograph copies of every speech, big and little, and in each one the candidate is supposed to say something new and clever. And there is not much new to talk about and nobody is that clever, not even Steve Allen and his writers. The curse of vaudeville as developed on television is upon us and affects our political discussions.

So when Adlai Stevenson proposes to abolish the draft, immediately after the explosion of the third hydrogen bomb by the Russians in a week, he is scraping the bottom of the barrel for something to say that will appeal to the mamma vote. But it is utterly irresponsible. Even if the mamma vote is wholly for Stevenson and elects him to the Presidency, he will not be able to abolish the draft in the face of current international tensions. His hope will be that no one will remember what he said during the campaign.

Every parent would like the day to come when he or she can live without the worry of the draft. But sensible Americans know that there is no use dreaming hashish dreams when the enemy is exploding hydrogen bombs which are probably as good as ours and which must have an influence upon the thinking of the entire world. If Stevenson is elected President, he will not propose to endanger the military power of our country while the Russians are building military strength. Then why talk about it during the campaign? It is irresponsible talk for any candidate to say what cannot possibly be done and the mere saying of which can do great mischief.

Senator William Knowland said of this: "Mr. Stevenson spoke on a subject of life and death import to every man and woman in the United States."

It is a good answer, but it would have been better if Stevenson had never delivered that speech, just as it would have been better for Stevenson if Harry Truman had not raised the issue of Alger Hiss, Harry Dexter White and Nathan Gregory Silvermaster in this campaign. Now the Republicans will have to answer Truman and we shall have Alger Hiss running against Richard Nixon, just as since 1932, in every campaign, the target of so many speeches was Herbert Hoover who had long retired from being a candidate for anything. If the Alger Hiss issue is raised, the campaign will revolve about the question as to which party has been softest on Communism and the Eisenhower Administration may find it necessary in October to call upon Joe McCarthy to be its witness.

This is campaigning indiscriminately, without regard to issues and while it may, at times, be amusing to stir people's hopes and aspirations beyond anyone's abilities to satisfy them, the serious business of managing a government requires a more responsible debate.

Adlai Stevenson, if he wants the draft abolished, should discuss the consequences of such an action upon our military strength. He should discuss the effect of his proposal upon all our military organizations and our capacity to make war, if we have to. It is possible that he knows how we can manage without troops and without bombs. He proposed that we unilaterally stop testing hydrogen bombs. Perhaps he can explain how we can improve and strengthen the bombs without testing them. Granted that each test endangers man because of the fall-out, what way is there to maintain our competitive strength with the Russians without making tests? Or, is it safe for us to stop testing while the Russians continue to make tests? Perhaps Stevenson has a better formula than has yet been suggested for outlawing the atom and hydrogen bombs.

Maybe Adlai Stevenson has the answer, but until it is given with seriousness and responsibility, the people do not have the answer. They only have an assertion which is inadequate and that is not good enough.

## That Body of Yours

By JAMES W. BARTON, M.D.  
MORE ABOUT THE TRANQUILIZING DRUGS

I have been writing fairly often lately about the new tranquilizing or quieting drugs because they have made quite an impact on the treatment of disturbed conditions. Already these drugs are said to have worked miracles in state institutions for the mentally disturbed, permitting great numbers of patients to be discharged to their homes beyond what might have been possible in previous years. Both chlorpromazine and reserpine have facilitated psychotherapy (treatment of mental and emotional disorders) through relief of anxiety, tension, sleeplessness or bodily symptoms in some cases.

In addition to the drugs already mentioned, consideration must be given to the properties of Miltown which has been found to be a very powerful agent against convulsions and also to possess a muscle-relaxant action of considerable intensity and long duration. Dr. J. C. Borror reporting in the "Journal of the American Medical Association" found it was most effective in anxiety and tension states through a lessening of tension, reduced irritability and restlessness, more restful sleep, and general muscle relaxation. Chiefly in its favor is an absence of toxicity (the quality of being poisonous) as compared with other drugs and its non-habit forming value. It has been found of most value in the so-called anxiety neurosis group of symptoms, especially when the main symptom is tension.

Dr. Lowell S. Selling, also reporting in the "Journal of the American Medical Association," found a special value to Miltown in accomplishing withdrawal from alcohol with a minimum of discomfort. Among the special qualities listed for this drug, based on research studies, are as an agent in anxiety and tension states; as a muscle relaxant, particularly in fibrositic rheumatic disorders; an agent, in such conditions as torticollis (wryneck) and back pain; for control of spasms in such conditions as cerebral palsy, and as a sleeping medicine. Few allergic reactions have been reported and all of them responded to treatment. In a new series of studies this drug proved effective in 70 per cent of a group of 250 non-hospitalized patients and was considered "the drug of choice for the relief of tension, anxiety and sleeplessness."

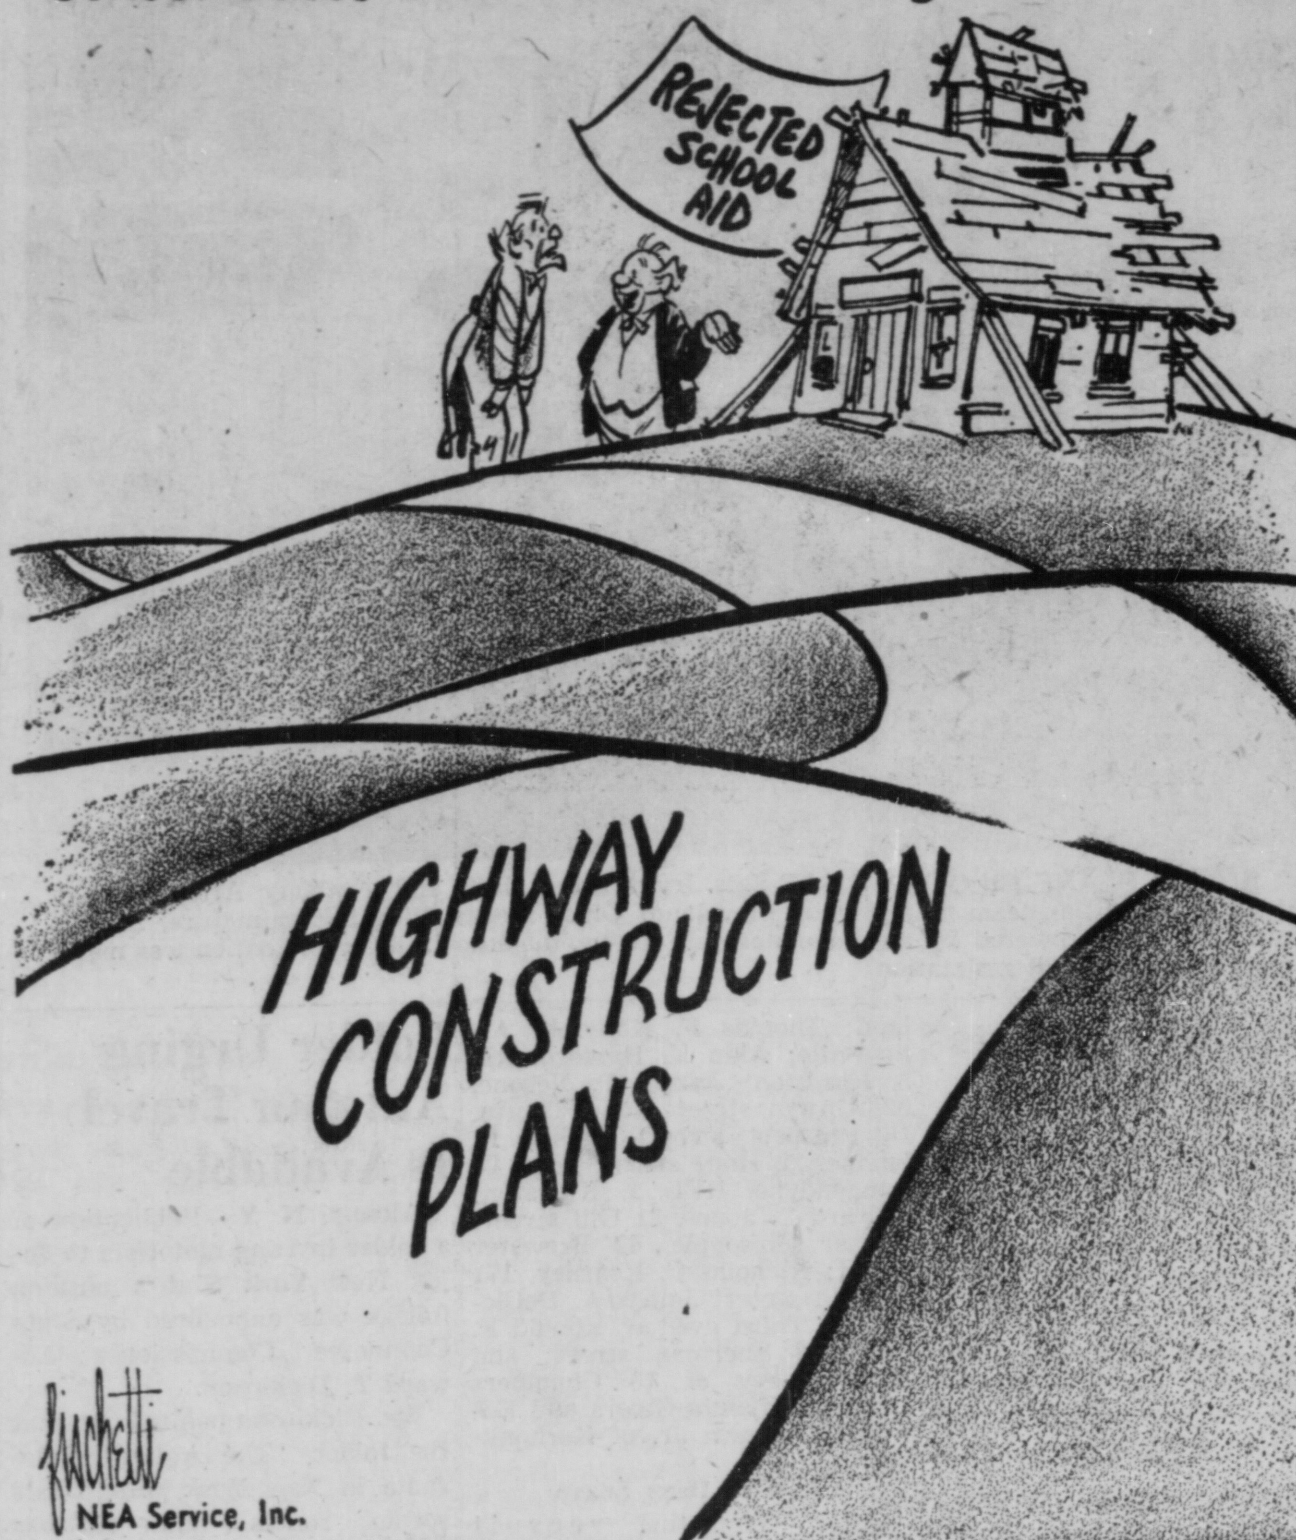

Another discovery has reported this drug effective in a high percentage of patients with mild attacks of epilepsy. Further, general practitioners have indicated its value in what are commonly called tension states but which might include psychoses, psychoneuroses and personality disorders, as well as a wide variety of conditions classified as psychosomatic, including headaches, difficult menstruation, high blood pressure, motion sickness, peptic ulcers and a variety of skin ailments.

We were speaking yesterday of what Sir William Osler said of the value of equanimity and imperturbability. We wonder what he might have said of these new aids to such calmness of mind. This is in the nature of a medical revolution. Ten years hence statistics of institutions for the mentally disturbed and for the alcoholic may indicate the results of the administration of these and other new remedies which are bound to come. Already the great progress that has been made is an indication of the future.

## "School Buses Will Take Them Right . . . Here"

## Edson's Washington News Notebook

By PETER EDSON  
NEA Washington Correspondent

Washington—(NEA)—Efforts to clean up this year's political campaign and conduct it on a high ethical plane are proving just about as unsuccessful as all such efforts in the past.

President Eisenhower has set a good example by holding himself aloof from petty name-calling and public, personal criticism of his opponents.

At his last press conference, the President even declined to defend himself against charges made by Textile Workers President Emil Rieve, to the effect that all Mr. Eisenhower knew about the domestic economy "he learned from the big businessmen he admired so much."

Though the President has adopted for himself this policy of turning the other cheek to a clean campaign, the rule is apparently not going to apply to his subordinates and political henchmen.

**THIS WAS MADE CLEAR** when White House Press Secretary James Hagerty and Indiana Senator Homer Capehart let out more or less simultaneous blasts on different counts against Democratic presidential candidate Adlai Stevenson.

Hagerty acted on his own in picking up an obviously garbled quotation from a Stevenson speech and turning it into a personal attack on Stevenson and the Democratic party as a whole.

Following the Eisenhower pattern of ignoring personal attacks, Stevenson did not reply directly, but his henchmen did it for him. Democratic National Chairman Paul Butler demanded Hagerty sign a fair campaign practices code.

Capehart's statement, branding

Stevenson's criticism of Secretary of State Dulles's liberation policy as "pure nonsense," was issued by the Republican National Committee. It originated there.

Up to now, Republican National Chairman Leonard Hall has been GOP spokesman for answering Democratic charges.

**POLITICAL OBSERVERS** recognize that the needling technique is the source of most dirty campaigning.

Democratic Chairman Butler has one of the sharpest political needles in the business. When he jabs, it's usually at a sensitive spot in the elephant's hide. The reaction is usually a loud Republican "Ouch!"

Adlai Stevenson does it with a little more finesse and humor. Ex-President Harry Truman uses the clobber method.

To a lesser degree, so does Vice President Richard M. Nixon.

GOP Public Relations Director L. Richard Goulay showed a certain skill in his needling with his recent campaign to change the "Democratic" party to "Democrat" party, without the final "ic."

**LAST MAY** Butler and Hall met with Mayor Charles P. Taft of Cincinnati, this year's chairman of the Fair Campaign Practices Committee. The two party chairmen publicly signed a pledge to conduct their campaigns according to basic principles of decency, honesty and fair play.

Even while they were signing, Butler and Hall began to needle each other. The pledge seemed a hopeless gesture.

But Mayor Taft observed that it wasn't hopeless. "George Washington and Abraham Lincoln were called worse things than President Eisenhower and Mr. Stevenson," he said. "We're not going to accom-

plish all we want to in cleaning up this campaign, but it will be better than nothing."

The committee has its work cut out. The mud is flying, and the fall-out is apparently going to get worse as the campaign goes on.

### Questions—Answers

Q—What is the Atlantic Intracoastal Waterway?

A—A sheltered water route along the Atlantic coast of the U. S. It is composed of a series of rivers, estuaries, inland bays, sounds and inlets, nearly all linked together by canals. The waterway provides a fairly safe route for small freight and pleasure boats.

Q—How are the natural waxes classified as to origin?

A—They are divided into three groups: animal, mineral and vegetable waxes.

Q—In Buddhism, what is embraced in the system known as the "Eightfold Path?"

A—These "paths" are right beliefs, right ideals, right words, right deeds, right way of earning a living, right efforts, right thinking and right meditation.

## AS PEGLER SEES IT

By WESTBROOK PEGLER

Sometimes I get desperate in my fumbling efforts to understand the new intelligence, an example of which I herewith present along with a cry for help.

Knox College, of Galesburg, Ill., formerly known with affection as Old Siwash and beloved of her old grads as the perfect example of the old-fashioned, mid-west American fresh-water school, publishes a pamphlet called "Knox Now." This is not a device to dissociate Old Siwash from her homely, virtuous past and the holy tradition of Old Main where Lincoln and Douglas debated slavery, because actually "Knox Now" was founded in 1901.

That was about the time that her most enduring author, George Fitch, later a legman on the Peoria Transcript, was pecking out for The Saturday Evening Post his series of football stories on Ole Skjarsen, a mythical Swede who was recruited from his job as janitor in a flatbuilding to scatter like flinders the somewhat more erudite amateurs of Lombard, Carleton, Beloit and Grinnell who then had mutually suspicious and ardently dishonest relations as a junior conference.

Things were so dishonest in collegiate football all over the country in those days that the late Professor George Goodenough, dean of something, probably men, of the University of Illinois, remarked with sentimental longing, "Oh, I tell you, we were barbarians then!" This was about 1930, apropos a current petty scandal in the Big Ten in which Iowa had been caught padding her football payroll and charging \$2.50 a week, in season, to profit and loss on the cafeteria.

"Oh, we were barbarians then," Professor Goodenough sighed with happy moisture in his fading eyes, and went on to recapture the spirit of Ole Skjarsen who personified all the illiterate ringers with chrysanthemum haircuts sprouting through harness-type headguards who raged up and down sacred swarms long since defined with dormitories, laboratories and other profanations of memories unspeakably sweet.

Long, long before a dazed and frantic youth ran the wrong way to a touchback in California, Ole

## Republican Apathy Called Big Factor in Maine Vote

By DAVID LAWRENCE

Washington, Sept. 12 — Congressional elections are "local except when a President is running in the same election."

This was the comment which the late President Franklin D. Roosevelt used to make about Congressional elections in off-years, and the point applies equally to the Maine election this week when the voters were confined solely to the election of members of Congress and Governor. No President of either party has been able to transfer his popularity to local candidates. They must stand on their own merits.

But it would be a mistake for the Republican leaders nationally to fail to read the most dangerous factor for them which stands out so clearly in the Maine result. It is apathy. The apathy by Republicans is far greater than had been imagined, while the Democrats on the other hand, due to intensive organization work, did get out their vote and more in Maine.

### Vote Big Question

The Maine election can be analyzed by the partisans to suit themselves, but the big unanswered question is this:

Why did the Republican candidate for Governor poll only about 11,000 more votes than he did two years ago, and why did the Democratic candidate poll 45,000 more votes than in 1954—and where did these extra 45,000 votes come from?

Certainly, Gov. Muskie, the re-elected Democrat, didn't subtract any votes from the Republican nominee, who actually increased his vote over 1954. Then are not the 45,000 new votes for the Democratic party a recruitment from the stay-at-home vote of the two major parties and the "independents"?

There have been unofficial estimates that in Maine the Republicans registered this year about 270,000 and the Democrats 100,000, and that the balance of the registered vote of 130,000 is "independent."

Thus, out of the reservoir of 270,000 Republican votes, the Republican nominee for Governor polled this time less than half, the Democratic nominee, on the other hand, must have received not only the 100,000 Democratic votes, but 81,000 out of the "independent" column or from the stay-at-home voters of other years for him to get a total of 181,000 votes—the highest ever polled in Maine by any candidate of either party for Governor.

### Figures Broken Down

It would be easy to say that all this was due to Muskie's great popularity, and that his slogan, "one good term deserves another," accounted for the result, but that's an argument the Republicans are making nationally—that Ike is popular, and that "one good term deserves another."

This argument, moreover does not account for the way the Congressional races developed. For in the three Congressional districts, the same apathy by Republicans is noticeable, whereas

there was a considerable increase in voting strength on the Democratic side.

Thus, in the 1st Congressional District, which was close, the two candidates had about 58,000 votes each. The Republican vote in 1952 was 56,239 and in 1954 it was 47,327. So it is apparent that the Republican nominee this time picked up nearly a couple thousand votes over and above the 1952 total, and nearly 11,000 over his 1954 count. But, meanwhile, the Democratic nominee went from 35,078 in 1952 to 43,561 in 1954 and now to 58,000. Where did these extra Democratic votes come from except from Democrats or Republicans or "independents" who chose not to vote in either 1952 or 1954?

In the 2d Congressional District, the story is the same. The Republican, James L. Reid, got about 48,700 this time, which is larger than the 45,819 Republican vote in 1954, whereas the successful Democratic nominee, Frank M. Coffin, pushed the Democratic totals up from 39,075 in 1954 to about 55,600 in this year's election. Where did the more than 15,500 gain in Democratic votes come from except from stay-at-home Republicans or Democrats or "independents"?

The combined Republican totals for Congress exceeded the Democrats' by about 8,500, which indicates Ike will carry the state but by a reduced majority.

### Democrats United

The Democrats throughout the campaign in Maine had a united party, while the Republicans were again divided into factions as in 1954. Better organization work on the side of the Democrats was noticeable, according to reliable reports from both Republican and Democratic sources in Maine.

But "by organization" something more is meant than political workers in the regular party operation. The Democrats had the benefit of the labor union activity, which was substantial not only on the money side but in personnel getting out the vote. It will be observed that the big increase in the Democratic vote came in the highly unionized cities in the 1st and 2d Districts, where the Congressional contests were also swung by the same type of support that the governor received. Maine has had a substantial growth in industries in recent years.

Where the labor unions can swing a concentrated vote in the cities, the Democrats will get out the vote. It looks as if the same thing happened in Maine this week that happened in the Presidential preference primaries in Minnesota and Wisconsin, where such a relatively small proportion of the 1952 Republican vote went to the polls. Apathy is the Republicans' biggest handicap. (Reproduction rights reserved)

### Elderly Tomcat

Memphis, Tenn. (P)—Across the Mississippi at 96 Landing, Ark., there's an elderly tomcat named Tom who keeps a dog named Mack in virtuals and otherwise pampers him. C. E. Holley, who tends navigation lights on the big river, owns the odd pair and says Tom raised Mack from a pup. Holley's job keeps him away from his camp every alternate two days and when he's gone the animals don't shift for themselves but, Holley explains: "Tom takes care of that dog just like he's his mammy. He'll bring him in for him." Incidentally, Tom won't allow another cat around the place.

### Cooled-Up Moonshine

Atlanta (P)—A man serving time in Atlanta federal prison for liquor law violations kept his hand in by cooking up moonshine in the pen, officials claim. A U. S. grand jury indicted the prisoner, Cernel Sprinkles, on charges of operating an illegal distillery and possessing untaxed whiskey. John W. Stokes Jr., assistant U. S. attorney, said Sprinkles was caught trying to hide a half gallon of the produce of a still he had improvised in a large milk can. Stokes said the convict used steam from the prison dairy barn to cook mash made up of cattle feed and purchased sugar.

### Dollar a Year

Knoxville, Tenn. (P)—Dr. A. F. Mahan, former pastor of Central Baptist Church in suburban Fountain City, found it feels to be a dollar-a-year man. On his 82nd birthday, he received \$82 from his former congregation.

## Stickel, Masiello Lose Control of Union by Order

Albany, N. Y., Sept. 12 (AP)—Two former union officers convicted of conspiracy to extort money from employers have lost a court fight for control of a milk truck drivers union.

Francis Stickel of Yonkers and Philip Masiello of Middletown tried to block Theodore Daley of Poughkeepsie and his slate from taking over as officers of Teamsters Local 445, with headquarters at Yonkers.

Stickel and Masiello were convicted last Oct. 4 of conspiracy to extort \$64,000 from 11 dairy companies by threatening labor trouble.

The Appellate Division yesterday vacated a stay that had prevented Daley from taking office.

There was no indication of whether the former officers planned new legal action. Stickel, a former secretary-treasurer of the local, and Masiello, former business agent, had contended that the meeting at which the Daley group was elected had not been called in conformance with union rules. The meeting was Dec. 12, 1955.

On Thursday, Justice Harry E. Schirick of state Supreme Court issued an order granting control to the Daley slate. Justice Francis Bergan issued the stay that the appellate division vacated.

## County Safety Council Slates Meeting Monday

Ulster County Safety Council will meet Monday, Sept. 17 at 7:30 p. m. in city hall court rooms. All persons interested in industrial, home and traffic safety are welcome to attend.

Safety measures during wind storms and hurricanes will be outlined. Discussions will also be held on highway safety. Membership is open to all interested in safety and safety measures.

The council is the liaison group between the general public and other safety authorities such as the police and fire departments.

## College Dean Says Interest Should Go Up

Saranac Inn, N. Y., Sept. 12 (AP)—Dean Arthur Uppgren of the Dartmouth College School of Business Administration said today that interest rates should go up to offset "an intense demand" for venture capital.

He declared in a speech prepared for a convention of the Savings Assn. League of New York State that those in the money market must say "not so fast" to "less worthy" projects.

Uppgren said plant expansion should be delayed "until a large supply" of funds is available to finance it.

In another prepared talk, Stephen Slipper of the U. S. Savings and Loan League said the Federal Home Loan Bank System was taking steps to "insure against an arbitrary cut-off of credit, such as occurred in 1955."

He told the convention that a report on the system also would call for additional long-term credit for savings associations.

Slipper is vice president and manager of the Washington office of the Loan League.

## Methodists Hail Arts, Science as Adjuncts to Faith

Lake Junaluska, N. C., Sept. 12 (AP)—Methodists today hailed science and the arts, once shunned as the devil's domain, as offering Christians opportunities of "a kind undreamt of by previous generations."

In a 1,500-word message, still subject to overall approval but endorsed in part, the World Methodist Conference cited poetry, drama, the arts and scientific advances as strong adjuncts to religion.

In a unanimous action, delegates from 40 nations praised the "new expressions of faith in terms of poetry, drama and the arts," and added: "Ever growing scientific knowledge not only displays with increasing fullness the splendor of God's creative energy but lays upon us a solemn obligation to see that it is used on the widest possible scale to build a satisfying and abundant life for all peoples of the earth."

Dr. Charles A. Coulson, noted mathematician and nuclear physicist of England's Oxford University, who introduced the section, said drama, poetry and science were "treated as if they belonged to the devil" in the past. "I'm sure the devil chuckled over that," he added. "All good art is in some way telling us something about God, and the true good, honest practice of science is in a sense a religious activity. We are saying to the scientist to come on in and help us, that he is doing his part of the work in building the kingdom of God."

As for the arts, he said the conference action pointed to a "new strategy in church evangelism, unrecognized by many church people" in past years.

The conference, representing some 18 million Methodists in Asia, Africa, Europe, and the Americas, closes today, after 12 days of meeting.

## Pennington Not Canvassing for Photos

Anyone soliciting baby photos in this city, representing the Pennington Studios, is doing so without authority from the photographic firm, an announcement said today.

"We have never had house-to-house solicitors," the announcement said, "because we have never found it necessary."

The studio suggested that anyone solicited might call the police to put an end to misrepresentation.

## County Asks Repeal

Malone, N. Y., Sept. 12 (AP)—The Franklin county board of supervisors has called for repeal of the Youth Court Act, due to take effect Feb. 1. The board adopted unanimously yesterday a resolution opposing a provision that would permit judges to withhold records of cases involving youths 16 through 20. The officials said publicity would deter "other youths with criminal tendencies." The resolutions said additional personnel—at "considerable" expense to the county—would be required for the youth courts set up by the act.

## Brothers Show No Remorse After Shooting Father

Norwalk, Calif., Sept. 12 (AP)—Three brothers—10, 9 and 7—showed no remorse today after admitting, police said, that they carried out a plot to kill their sleeping father.

And, homicide Lt. Al Etzel said, the boys told of planning to shoot their mother, too, "so they could run the house the way they wanted." But not attempt was made on her life.

Thomas William Parker, 31, a steelworker, died last night of a bullet wound in the head.

**Were Reprimanded**  
Etzel said he was told by Tommy, 10, Bobby, 9, and Richard, 7.

The boys decided to shoot their father after he reprimanded them for breaking into a neighbor's garage and taking 22-caliber ammunition.

When they were sure he was asleep, Tommy handed a 22-caliber rifle to Richard and said: "Go on in and shoot Daddy."

Richard fired the shot. A fourth brother, Harry, 4, and a 2-year-old sister were not in on the plot.

**Mother Was Out**  
Their mother, Mrs. Betty Parker, 28, who is expecting another child, discovered the shooting when she returned home.

Etzel said the boys had an unusual knowledge of guns, imparted by their father. They could take a gun apart and reassemble it like veterans, he said.

The four boys were turned over to juvenile authorities.

Twenty-two blind people in Newfoundland earned \$73,000 as active workers in 1955.

## Two Persons Hurt Near City Hall

Two persons were reported slightly injured after a two-car mishap on Broadway near the City Hall early Tuesday afternoon.

Officers Thomas McGrane and Meyer Levy said the sedan of James Hallman, of Buffalo, driven by Dorothy Kraft, 22, of 61 Springville avenue, Buffalo, headed north on Broadway, stopped in a line of traffic and was struck by a sedan, owned by Charles Schullenger, of 599 Delaware avenue (Schultz taxi). The latter was operated by Paul Coles, 50, of 120 Wilbur avenue.

Dorothy Kraft claimed a neck injury and Elizabeth Hallman, of Buffalo, reported an injured back. The taxi was damaged on the front and was towed from the scene, and the other car was damaged on the rear bumper, tail pipe and trunk, the report said.

## 'Outfoxed' by Guard

National guardsmen "outfoxed" anti-integrationists at Clay, Ky., today as two Negro children were escorted to the previously all-white school. State Adj. Gen. J. J. B. Williams, commander of the Kentucky National Guard, personally escorted Mrs. James Gordon and her two children, James, 10, and Teresa, 8, to the school. "We outfoxed them again," Williams said. "It was part of my strategy to have the children go to school at Providence yesterday to throw the people off the scent."

## Too Much for Too Little

Corry, Pa. (AP)—It might not have happened if John Adams, of Roscoe, N. Y., hadn't been driving a miniature sports car over a narrow steel bridge near Corry. But he was driving a miniature sports car as he and John Zawacki, of nearby Ridgeway, approached the bridge from the opposite directions. Zawacki figured his standard sized car and the small sports car could pass on the bridge with a few inches to spare. So did Adams. Both were wrong. They got wedged together in the middle of the steel span.

## Memoriam

In reverent and loving memory of grandmother Mary Niemeyer, 88, who went to be with God, one year ago Sept. 12, 1955. Whose heart was loyal and spirit brave  
In God's sight pure and true,  
Who gave to all the best she had  
I shall always remember you.  
I know there's a special heaven  
Where your kindly soul has gone,  
To sleep and rest in silent peace  
And never suffer any more.  
Mingled with my loneliness  
Comes the thought, that while  
You filled my life with gladness  
And proved a grandmother's worth.  
The many years together we  
enjoyed  
Their memory sweet forever will  
remain  
Always the smile with ne're a  
frown  
Wearing the rainbow through  
life's rain.

## Ike Opens . . .

contest as close until after it is won.

Eisenhower also made it clear he is following closely—and doesn't particularly relish—the campaign attacks leveled at him by Adlai Stevenson, his Democratic opponent, and Sen. Estes Kefauver, Stevenson's running mate.

Asked directly about the campaign they have been waging, Eisenhower paused and then replied: "I believe I would rather not comment on that."

At another point, a reporter asked whether Eisenhower would identify some of the campaign "distortions" which Vice President Nixon has attributed to the Democrats.

Eisenhower said he would leave that to others, but added: "I think you can read in the newspapers of some of the things that have been said about me and this administration."

Eisenhower said he doesn't care what the Democrats say about him. But he added, with an edge in his voice:

"I still believe America believes I am honest, that I am not a rascal, that I am not a racketeer or anything like it."

When a newsman noted that Stevenson had accused his administration of "misconduct and corruption," Eisenhower replied crisply to the reporters:

"I think I've got enough friends . . . in the United States—even among this group right here—to refute any such allegation."

## Maine Recalls Ballots

Augusta, Maine, Sept. 12 (AP)—The state today called in all ballots in Maine's 28-votes-apart First District House election race to safe-guard them until an expected recount can be made. The veteran tabulation date (R) 58,027 to 57,999 for Democrat James C. Oliver—a former GOP congressman in the same district—in Monday's state election. A tabulation error of only .0024 percent could change the unofficial result. The official result probably won't be known until Oct. 3 when the governor and council meet. Democrats made great gains in the election. Gov. Edmund S. Muskie (D) was reelected with a record vote. The party wrested the Second District House seat from the GOP. The Republicans retained the Third District.

## Adlai Broadens Attack

New York, Sept. 12 (AP)—Adlai Stevenson's campaign fire was broadened today to include an attack on the "new" Vice President Nixon along with a blast at President Eisenhower's civil rights position. The Democratic presidential nominee accused Eisenhower of failing to lend the prestige of his office to southern governors and other officials upholding segregation laws "sometimes even against their own personal feelings, sometimes in the face of violence." He said Nixon was presenting a "new face" and "you have to be awed by the lack of conviction which makes so swift a transformation possible."

## Protective Group

has created a situation which might endanger free use of the canal. Any formal motion against Egypt in the Security Council would run the risk of a Soviet veto.

## Pilot Walkout Imminent

Another development was the imminent walkout of many of the non-Egyptian pilots who take ships through the canal's tricky waters, Egypt is speeding up her plans to replace these pilots as necessary.

Eden said all the canal's main users will be invited to join the new protective association.

Eden called upon Parliament to give his government freedom to use any means to "restore" the Suez Canal situation if peaceful negotiations fail.

Shouts of "resign" came from Laborite benches.

Gaitskill argued that Britain and France will find the whole world ranged against them if they go to war against Egypt without UN sanction. He accused Eden of being vague on how the new "users' association" will operate—for example would American ships carry pilots?

He demanded to know, too, whether the United States would react forcibly against any Egyptian interference. He expressed doubt that the United States would do so in the light of President Eisenhower's statements.

Eden did not reply to Gaitskill's questions.

## Financial and Commercial

New York, Sept. 12 (AP)—The stock market nudged higher early this afternoon with help from steels and aircrafts. Gains among leading stocks stood at fractions to a point or so. There was a liberal assortment of losers among pivotal issues, however.

Shortly after Prime Minister Eden's report to Parliament on the Suez Canal dispute, the steels stretched gains to a range of about 2 points but they settled backward for smaller advances in later trading.

## UN Probing

sector of Jerusalem termed today's incident "most serious."

He said the Israelis blew up the 18-room building housing the Rahwa police post.

The complaint to the UN said the Israeli force succeeded in returning to Israel after a running gunfight with the Jordan reinforcements.

The Tel Aviv newspaper Maariv said in an editorial that the action was "an act of reprisal . . . which should teach the Arabs that Israel security forces are on guard and will severely punish every murder and act of sabotage."

The Rahwa police station was reported to be the district command headquarters of the Jordan National Guard. It is a strongly fortified building with two towers built by the British in the days of the old Palestine mandate.

## Gonna Rain Today?

Hutchinson, Minn. (AP) — The jokester who asks the Hutchinson resident "do you think it's going to rain?" better get ready to duck. Over one eight-day period this summer the skies dumped almost 11 inches of rain. One farmer reported carp swimming in his cornfield.

Fort Hancock, on the Sandy Hook, N. J., coastline, was originally built in 1870 as part of New York's harbor defenses. It is now an Air Force radar station.

**50TH ANNIVERSARY PARADE** — Woodstock Fire Company No. 1 celebrated its 50th anniversary Saturday with a parade through the village streets. Chief George Hawthorne (at wheel) drives company apparatus as former Chief Joseph L. Murphy of Kingston (on right

running board) waves to spectators. On driver's side of truck are Chester Wolven, chairman of the parade committee and H. Hudson Cramer, Jr., president of the fire company. (Freeman photo).

26 Unit Parade  
Fetes Woodstock  
Vols' Anniversary

Woodstock, Sept. 11—Over 26 area organizations and seven floats participated in the parade celebrating the 50th anniversary of the Woodstock Volunteer Fire Company No. 1 held Saturday. The parade formed at Orchard lane and disbanded at Andy Lee Memorial Field.

Christ Lutheran Church was the first prize winner for its float entry which was a miniature chancel complete, with organ and choir members.

Second prize was won by Odd Fellows Lodge of Bearsville and the entry of a hand-drawn fire wagon named "Ole Betsy" by Woodstock Fire Company No. 2 of Wittenberg won the third prize award.

Judges for the float contest were Richard O. Gruver of Hurley, public relations representative of IBM, Kingston and S. James Matthews, Kingston attorney.

**Officials Head March**  
Heading the line of march were cars bearing Woodstock town officials, Supervisor Joseph

Fitzsimmons, Assemblyman Kenneth Wilson, Mrs. Clayton Harter, town clerk; Councilman John Pike, Woodstock Fire Chief George Hawthorne, Justice of the Peace George J. Braendly and former fire chief of Kingston, Joseph L. Murphy.

Other floats in the parade included an entry by the Youth Fellowship of Wittenberg Methodist Church, Girl and Boy Scouts of Woodstock, Dutch Reformed Church, the WSKN Mobile unit trailer and a mobile camp entered by Wittenberg Sportsmen's Club.

The Kingston Boy Scout Band of Troop 12 played cadence for the marchers. The Woodstock Riding Club's entry was a surry which bore the president of the group and other members dressed in top hats and frock coats.

## Murphy is Speaker

Highlights of the ceremonies following the parade held at Andy Lee Memorial Field was an address by former Kingston Fire Chief Murphy who outlined some of the background and origin of the volunteer firemen. The Rev. Harvey I. Todd presented the history of the Woodstock Fire Company in its early days. Others participating in the ceremonies were the Rev. Olney

E. Cook, the Rev. Garnett Wilder, the Rev. Herald C. Swezy and the Rev. John O'Reilly. Chester Wolven served as master of ceremonies and was chairman of the anniversary committee. Hudson Cramer is president of the fire company and Eric Wiltz was parade marshal.

During the morning members of the American Legion Post 1026 gave away fire hats to the village children. Following the ceremonies an open house was held at the firehouse and refreshments were served.

Festivities continued Saturday night with a dance at Wittenberg Sportsmen's Club to which the entire town was invited. Music was supplied by the Musical Wizards.

Sunday a picnic for members of the fire company and their families at Trnka's Picnic Grove, Asbury was attended by 125 people.

## SMART BUYS

for the **QUICK-MINDED**

(You get a triple Bonanza in today's Buick)

Smart buys are in season.

This is fine trading time. Your present car is at peak value. And with today's low Buick prices and high volume — you'll get a deal that can't be matched.

So why put off any longer the excitement and pure pleasure of bossing the mightiest V8 in Buick history? Why not start enjoying today the terrific performance of Buick's Variable Pitch Dynaflo\* — with its double-action getaway and safety acceleration even before you switch the pitch?

Why wait to enjoy the freshness of Buick styling, the fabulous Buick ride — when you can make a bonanza buy on the biggest-selling big car of all?

Come in today to enjoy the best motoring money can buy — at a bargain you'll boast about for years.

\*New Advanced Variable Pitch Dynaflo is the only Dynaflo Buick builds today. It is standard on Roadmaster, Super and Century — optional at modest extra cost on the Special.

Bonanza  
Trade-in Allowance

—because your present car is at its peak value right now. And because—with Buick so solidly set as America's No. 3 Best Seller—our bigger sales volume permits us to make you an even better trade-in allowance.

## Bonanza Buy

Buick prices start right next to those of the smaller cars. But those Buick dollars buy you a whale of a lot more automobile — more room, more power thrill, more styling freshness, more ride stability, more solidity of structure — the Best Buick Yet.

## Bonanza Resale

A Buick always resells high. But the '56 Buick will bring you even more money when you trade it because it carries today's new Variable Pitch Dynaflo.\* It's the most advanced transmission yet developed — and the only one that breaks with the past to bring you the switch-pitch performance and gas savings of the modern plane's variable pitch propellers.

It's a  
great time  
to buy a **Buick**

P.S. We have some especially good buys right now on the high-powered CENTURY and the extra-spacious SUPER. Better see 'em real soon!

## Think It Through

By E. F. HUTTON

## THE UNMENTIONED ISSUE

The "point with pride" and "view with alarm" folks will monopolize the headlines, radio and TV for the next ten weeks. The Republic, they say, will be in grave peril if the other side wins. A National magazine estimates that they will spend 200,000,000 \$'s. Each side will spend about 100,000,000 \$'s to keep peril from our doors!

MR. HUTTON

Then the day after, every campaign headquarters will be as deserted as a lone, lean mullein stalk in a sheep corral.

When the bing is over, what then? Well, for one thing, we will all be deeper in debt—G.O.P.'ers, Dixiecrats, New Dealers.

Debt pays as little attention to political campaigners as they pay to debt. But debt, like a dagger, follows men to their graves. It is the one inexorable issue.

We owe more debt than all the rest of the free world, which we go into debt to save. Since the Big War ended, we have added 319,000,000,000 \$'s to our debts. That's an average of more than 30 billions a year. Yet in 1933 our total National income was only 40 billions.

To the extent of 30 billions a year of borrowed money, our prosperity is still to be paid for.

Prosperity, I'm for that—and peace of mind. But, neighbor, an old proverb says: "He that pays his debts increases his wealth."

## Enjoy Spanish Style Lamb For Memorable Delicacy

TANGY TARTNESS of wine vinegar gives character to lamb, cooked Spanish style. Cabbage balls are crowning touch.

By GAYNOR MADDOX  
NEA Food and Markets Editor  
Spain has many sheep. Also, its cooks use native oil in most dishes. They produce flavor combinations, such as lamb in the Galician way.

How does this strike your fancy? The combination of olive oil, tomatoes, spicy sausages, thyme, bay leaf, red wine and lamb plus little cabbage balls?

Lamb in Galician Style  
(Makes 6-8 Servings)

One-quarter cup Spanish olive oil, 1 (about 6 pounds) lamb shoulder, cut in cubes, 1 pound ripe tomatoes, peeled and sliced, ½ pound spicy sausage, ¼ teaspoon thyme, 1 bay leaf, 1 teaspoon salt, 1 cup red wine or clear consommé, 1 cup water, 1 tablespoon wine vinegar, 4 cups finely chopped cabbage, 1 cup boiling salted water, ½ cup flour, 1 cup Spanish olive oil.

Heat ¼ cup olive oil in large kettle. Remove as much fat as possible from the lamb and brown in hot olive oil. Drain off fat. Add tomatoes, sausage cut in ¼-inch slices, thyme, bay leaf,

salt, wine or consommé, 1 cup water and wine vinegar. Cover tightly and simmer 1½ hours or until tender.

While the lamb is cooking, make the cabbage balls. Add cabbage to boiling salted water and simmer 2 minutes. Drain well. Cool. Squeeze a handful of cabbage at a time, removing all the water possible, then shape into 1-inch balls. Roll in flour and fry in 1 cup hot olive oil until golden brown. Drain on paper towels. (This makes 16 to 18 balls). Add cabbage balls to lamb mixture during the last 10 minutes of cooking.

**TOMORROW'S DINNER:**  
Lamb in Galician style, mixed vegetable salad, whole wheat rolls, sliced peaches or oranges, coffee, tea, milk.

## Hurley Democrats To Ask Officials About Assessments

Town of Hurley officials will be asked to explain alleged irregularities in town assessments, according to a resolution Tuesday night by the Town of Hurley Democratic Club.

The club, which now has a membership of 65, discussed the matter of assessments at its regular meeting in the Old Hurley Firehall.

The club also determined to

campaign for registration of new voters in Hurley and West Hurley.

Reports of platform, constitutional, by-laws, social and entertainment committees were presented.

James Hogan of West Hurley was named financial secretary. It was decided to hold a meeting on the second Tuesday of each month in Old Hurley and on the last Tuesday of each month in West Hurley.

Joe Carroll, president of the newly-organized club, presided.

Sweden appropriated \$400,000 for mass anti-polio vaccination of children in 1957.

## Billion Dollar Bus Business in 10 Years Foreseen

Chicago, Sept. 12 (AP)—The president of the Greyhound Bus Corp. today predicted that "in 10 years, the railroads will have virtually abandoned the business of carrying passengers."

"The bus industry will be a billion dollar a year business—more than twice its present total—within 10 years," Arthur S. Genet said in a prepared address at the annual convention of the National Assn. of Motor Bus Operators.

Genet forecast an expanding bus route system that would increase the number of communities entirely dependent upon buses for public transportation from 50,000 to 100,000. Describing future bus improvements, he said:

"Many buses will be powered by exciting new engines that are already undergoing secret tests. They will be more colorful with new type dyes, paints and metals."

Genet also envisioned more glass being used in bus construction. He said buses will be virtually "picture windows on wheels."

### Nine Crushed to Death

Huelva, Spain, Sept. 12 (AP)—Nine persons were crushed to death today in a landslide which crumpled their two-story house. The landslide was caused by heavy rains yesterday. Two children and several women were among the dead. The building, located in the slum district of this Atlantic port, housed a number of families.

## Gaffney Speaks To Lions About Making of Wills

Attorney Charles Gaffney, Republican nominee for Ulster county surrogate, addressed the weekly luncheon meeting of the Kingston Lions Club Tuesday on "Wills and Estate Planning."

Mr. Gaffney explained the importance of a will to an individual with an estate of any size, pointing out what happens to property if the person dies with or without a will.

Consideration of the two procedures makes it plain that a man with substantial estate should not fail to make out a will, he pointed out, outlining briefly the difficulties and red tape if there is no will.

Mr. Gaffney discussed the general formalities of a will, according to New York state requirements, to insure validity, described its execution and general rules for its preparation. A man should also make a will to protect himself from excessive taxation, Mr. Gaffney said. Taxation can't be avoided, of course, but a careful will and planned estate can often reduce the amount of such tax.

## Saugerties P-TA Will Hold Dinner Sept. 19

Reservations for the Saugerties Parent-Teacher Association banquet must be made today, it was reported by A. Frances Larned, publicity chairman.

The banquet, at which new faculty members will be welcomed, will be held Wednesday, Sept. 19 at the Flamingo, Route 9W. Reservations may be made with Mrs. William Jacobs, Mrs. Richard Overbagh or Robert Shapiro.

Dinner will be served at 7:30 p. m. All parents and teachers of the Saugerties Central School district are invited to attend.

### Plane Search Futile

Tokyo, Sept. 12 (AP)—The U. S. Air Force said today the search for a weather plane and its 16-man crew, believed down in the Sea of Japan, had produced "absolutely nothing." A spokesman said the hunt, spread over more than 100,000 square miles of choppy waters between Japan and Siberia, would continue into the night. Twenty-seven aircraft and a number of surface craft combed the area throughout the day.

### Fair After Explosion

Ithaca, N. Y., Sept. 12 (AP)—William C. Champion, 26, of Byron, Ill., was reported in fair condition today after suffering serious injuries in a laboratory explosion at Cornell University. A Cornell doctor said after the accident yesterday that Champion had suffered cuts of the face, arm and hand that had not been determined whether he would lose the sight of his right eye.

## Ulster-Albany Avenue Group Meets Tonight

Regular business meetings of the Ulster-Albany Avenue Businessmen's Association will be resumed tonight at 8 o'clock at Cyprus Inn, Albany avenue extension.

What should South play at the first trick? Should he win the first club trick, or should he hold up his ace?

The correct play is to hold up, allowing West to win the first trick. Let's see how this works out.

West continues with another club, and South wins. Declarer draws trumps with the ace and king, and then leads a low diamond from dummy. East plays low, and South finesses the ten of diamonds, losing to West's jack.

West is now helpless. If West leads hearts, South will win a trick with the king of hearts. If West leads anything else, South will take the top diamonds and discard a heart on dummy's last diamond. Either way, South loses only one heart trick and thus makes his contract.

Now see what happens if South wins the first club trick. He draws trumps and finesses the ten of diamonds to West's jack. Now, however, West leads a low club to East's ten. And East returns a heart through the king, setting the contract with two heart tricks.

The hold-up is necessary to make sure that East cannot gain the lead. A simple play, but very effective.

## Stop the Show

Waco, Tex. (AP)—Sheriff C. C. Maxey had an argument about shutting down a film at a drive-in theatre recently but he won hands down. He said the film being shown had girls in "less than I have on my hand." He held up a hand bare except for a gold ring. "I told the man to stop the film right then and there just cut the thing off," Maxey related. "He told me he would have to call Dallas headquarters and get permission. I told him the permission he needed was that I told him to cut the machine off." The film was stopped immediately. "I don't think we've got any censor board here," Maxey said. "But I figure if they can't show something that's all right for the kids they just won't show anything."

## Airmen Escape Injury

Rome, N. Y., Sept. 12 (AP)—Two airmen escaped injury yesterday when their jet fighter plane crashed into a swamp at the end of a runway at nearby Griffiss Air Force Base. Capt. Arvin C. Mobley, 37, of Henderson, Ky., the pilot, and Lt. John C. Newton, 23, of Woodbine, N. J., a radar observer, were examined at the base hospital. The base did not report the cause of the crash, which occurred during take-off.

It takes 28 man hours of work to log, manufacture and distribute one thousand board feet of lumber.

### Wallkill Girl Scouters Plan Program for Season

Wallkill, Sept. 12 — Troop Leaders, assistants and Troop consultants of the Wallkill Girl Scout Association met at the

home of Mrs. Arnold Hammes-fahr recently to plan their programs for the coming year.

The first regular meeting of the Wallkill Girl Scout Association will be held at 8 p. m., Sept. 17 at the Girl Scout cabin in Wallkill.

New officers for the year are: Chairman, Mrs. Arnold Hammes-

fahr; Alternate, Mrs. Chauries E. Penney; Secretary, Mrs. Graham Buremeister; and Treasurer, Mrs. Laurence Dolan.

### Expect Legion Home To Be Complete Oct. 15

Wallkill, Sept. 12 — Members of Rose-Sheely Post of the

American Legion expect their new home to be completed Oct. 15, Commander George Flockhart announced today. George Heitman is the contractor and the building committee supervising the construction includes Gurnsey Freer, Andrew Harcher, Norman Eckert, Joseph Doo-

little, Peter Sowa, George Roach, David Freer and Joseph Vogel.

When completed the new building will not only serve as the Legionnaires headquarters and meeting place, but as auxiliary headquarters. The big basement will be used by the Boy and Girl Scouts and other com-

munity organizations for their meeting places and public affairs.

Much of the work has been done by volunteers and the interior will be done by members of the post. Harold Meredith donated his services as excavator, and Dyane Dolan has of-

fered the use of his bulldozer for the back fill work and grading.

Members of the Post are especially grateful for their help, as well as the public support and the gifts of the Ladies Auxiliary which enabled them to undertake such a big project. Estimated

cost of the new building has been set at \$18,000. A good percentage of the cost has already been secured since the Legionnaires have had a building fund set aside for a number of years.

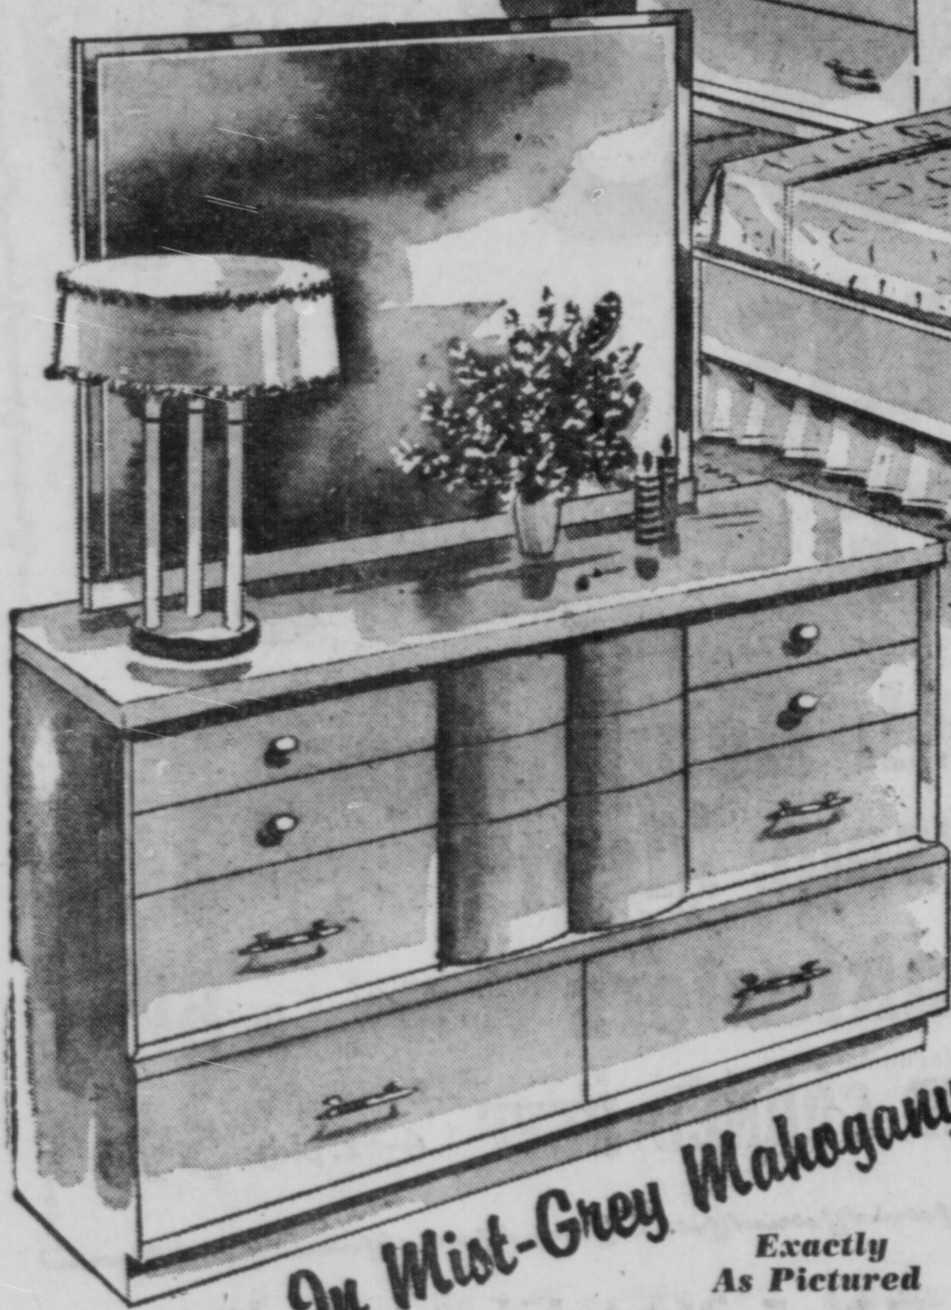

Driver training and safety education courses were first held in 1933 in Pennsylvania.

### Station Break

Valley, Neb. (AP) — A couple pulled their car into a gas station here, had the tank filled after which the car drove off. The driver later recounted how 10 miles away, his eyes fixed firmly on the road, he asked his wife to light a cigarette for him. No answer. He took his eyes from the road long enough for a side glance at his wife. No wife. He returned to the gas station to pick her up.

## Steel Users Are Urged to Tighten Upon Supplies

New York, Sept. 12 (AP)—Steel users will have to tighten their belts yet another notch in a few days when automotive companies place their November orders. The Iron Age, national metalworking weekly, said today.

"The already tight market will snap shut like a vise when full impact of fourth quarter automotive production schedules is felt," Iron Age said.

Some slowness by auto companies in committing themselves on 1957 model schedules has brought a temporary, artificial feeling of plenty in some types of steels, the magazine noted, and then added:

"When the word is out from Detroit, books (for all intent and purposes) will be filled for the rest of 1956 for most products."

The first synthetic dye was developed by Sir William Perkin in 1906.

## Farm Officials Say Crop Report Is Encouraging

Washington, Sept. 12 (AP)—Eisenhower administration farm officials today hailed a reported boost in crop production prospects as promising to put more dollars into farmers' pockets this year than last.

In its September report on the crop outlook, issued yesterday, the Agriculture Department said over-all volume for 1956 was larger than had been indicated a month earlier.

In fact, the department said.

Eat, talk, laugh or sneeze without fear of insecure false teeth dropping, slipping or wobbling. PASTEETH holds plates firmer and more comfortably. This pleasant powder has no gummy, gooey, pasty taste or feeling. Doesn't cause nausea. It's alkaline (non-acid). Checks "plate odor" (denture breath). Get PASTEETH at any drug counter.

this year's harvest now looks as if it will be only moderately below last year's near record output.

Under Secretary of Agriculture True D. Morse said in a

statement that the latest report "is, in general, a favorable one for farmers of the nation," adding:

"The indications are that farmers will have a large volume

of produce to market—which helps to assure further the increased net farm income which the department had predicted for the latter part of this year."

Developments in farm prices and market prospects have be-

come significant in the current political campaign.

Morse pointed to the indicated increase in crop production as a factor which would help offset a 3 per cent decline in farm prices last month.

MR. AND MRS. EARL E. MINKLER JR. (Johnstone photo)

Miss Jeanine Dixon Is Wed in Saugerties To Earl E. Minkler

On Sunday, Sept. 9 at 2 p. m. in St. Mary's Church Saugerties, Miss Jeanine Ann Dixon, daughter of Mr. and Mrs. Kenneth Dixon of 135 West Bridge street, Saugerties, exchanged vows with Earl E. Minkler Jr., son of Mr. and Mrs. Earl E. Minkler Sr., of 15 Russell street, Saugerties.

Officiating at the double ring ceremony was the Rev. John Gallagher, assistant pastor of St. Mary's Church. Mrs. Josephine Plimley was at the organ and also sang several selections.

White chrysanthemums with white pompons decorated the church and the pews were marked with white satin bows.

The bride was given in marriage by her father. She wore a gown of rose point lace over nylon tulle and bridal satin styled with a basque bodice, long tapered sleeves, portrait neckline set off with pleated tulle and sequins and a skirt featuring panels of lace. The skirt swept back into a chapel train. A triple tiered French imported silk illusion veil was gathered to a half hat of nylon tulle and lace to match the gown. The bride carried a cascade bouquet of white chrysanthemums streamers and satin leaves.

Serving as maid of honor was Miss Jane Dixon of 135 West Bridge street, Saugerties, sister of the bride. She wore a floor

length gown in wood violet fashioned with a nylon lace top with jacket to match. Her bouffant skirt featured an overskirt of cascading ruffles. A half hat of nylon tulle decked with seed pearls was worn and she carried a cascade bouquet of orchid chrysanthemums with streamers.

Serving as bridesmaids were Margaret Angelo of Saugerties and Dorothy Playford of Kingston. Their gowns were similar to the honor attendant except in a lighter shade of violet. They carried cascade bouquets of wood violet chrysanthemums with satin leaf trim and satin streamers.

Donald Minkler, brother of the bridegroom, was the best man. Ushers included Donald Playford of Kingston and John C. Dixon of Saugerties.

Following the church wedding, a reception was held at the VFW hall in Saugerties for approximately 200 guests.

For her wedding trip to Niagara Falls and Canada, the bride chose a brown shadow plaid dress with brown accessories and a corsage of white orchids.

Mrs. Minkler is a graduate of St. Mary's School in Saugerties, St. Ursula's Academy in Kingston and Saugerties High School. She is employed by Homeseekers Savings and Loan Association in Kingston.

The bridegroom is a graduate of Saugerties High School and is employed by Rinaldi's Food Market in Saugerties.

When Mr. and Mrs. Minkler return from their trip, they will reside at 102 Overbaugh street, Saugerties.

MR. AND MRS. WILLIAM A. SCHEFFEL (Johnstone photo)

Mt. Marion Resident Is Wed on Saturday

Miss Elsie Pauline Scheu, daughter of Mr. and Mrs. Otto Scheu of Mt. Marion, became the bride of William A. Scheffel, son of Mr. and Mrs. David Scheffel of Ruby, Saturday, Sept. 8, at 11:30 a. m. The wedding was held at the Mt. Marion Inn and officiating at the ceremony were the Rev. Theodore E. Hammer, former pastor of the Saugerties Atoneement Lutheran Church and the Rev. Richard I. Crossland, present pastor.

Decoration arrangements were made by Mr. and Mrs. Thomas McKnight. They decorated the room with gladioli, magnolia leaves and lilac.

The bride was given in marriage by her father. She wore a waltz length gown of pure silk with Chantilly lace bodice, long pointed sleeves and scalloped sweetheart neckline. The bride carried a bouquet of white roses.

Miss Trudy Scheu, sister of the bride, was the maid of honor. She wore an aqua gown which was waltz length and carried a bouquet of red sweetheart roses. David H. Scheffel of Ruby, the bridegroom's brother, was the best man.

Following the ceremony, a reception was held at the Mt.

Marion Inn for approximately 70 guests.

Mrs. Scheffel is a graduate of Saugerties High School and is employed by the McCall Corporation of Saugerties. Her husband, a Kingston High School graduate, is employed by John Bulcy in Kingston.

For her wedding trip to Rome, the bride wore a brown and white dress and a corsage of yellow tea roses.

Mr. and Mrs. Scheffel plan to make their future home in Ruby.

Joan Ann Hartney Is Bride-Elect

Wallkill, Sept. 12—Mrs. Florence Roosa of Hurley, formerly of Wallkill has announced the engagement of her daughter, Joan Ann Hartney to Leigh C. Benton, son of Mrs. Lawrence Benton of Newburgh.

Miss Hartney is a graduate of Wallkill Central School, class of 1955 and is employed by the Kingston Trust Company.

He fiance is a graduate of Newburgh Free Academy and of the State University of Morrisville. He is employed by William Griffin, a Newburgh jeweler.

No date has been set for the wedding.

Wiltwyck Chapter DAR

### SHOULD WE POSTPONE THE WEDDING?

"We have a problem confronting us regarding the forthcoming marriage of our daughter and would appreciate your help. A definite date has been set for the wedding and preparations have been made for a reception immediately following the ceremony. The bride's paternal grandmother, who has been ailing for some time has suddenly taken a bad turn and is not expected to live very long. If the inevitable should happen after the invitations have been mailed, would it be proper to go ahead with the wedding plans, or must it be postponed for a later date?"

Such a serious thing as a marriage ceremony should not be postponed and I'm sure that her grandmother would want her to go ahead with the wedding. In the sad event of her grandmother's death the reception, of course, would be canceled.

### Caribbean Cruise

Dear Mrs. Post: My husband and I are going on a Caribbean cruise soon. This will be our first trip of this kind and I am a little puzzled about clothes. In the folder we received from the travel bureau some of the pictures show men in white dinner jackets. Is this optional? My husband does not have dinner clothes and will have little need for them after the trip. Would it be proper for him to wear a business suit in the evening?

Answer: Your husband will not need a white or other dinner jacket. A dark business suit will be proper for any evening entertainment on the cruise. For him to buy evening clothes for this one trip would be needlessly extravagant.

### Which Is Proper Form

Dear Mrs. Post: On engraved wedding invitations, is it proper to abbreviate the word Saint in front of the name of a church or must it be spelled out in full?

Answer: Although "St." is considered proper, "Saint" is best form on an engraved invitation.

What linens should be in the hope chest? Mrs. Post is sorry she cannot answer personal mail. However, a list of linens and trousseau clothes are included in leaflet E-5, "The Bride's Trousseau." To obtain a copy, send 10 cents in coin to Dept. EP, care of The Kingston Daily Freeman, P. O. Box 99, Station G, New York 19, N. Y.

# Now! A Bread to HELP YOU Control Weight!

**Takes The Place Of Appetite-Appeasement Wafers, Pills And Tablets That Cost Up To Twice As Much!**

**NOT A "REDUCING BREAD"... No Bread Reduces. Profile Helps Control Weight Through Appetite Appeasement**

**30 Minutes Before Lunch And Dinner Eat 2 Slices\* Of**

## Profile Special Formula Bread

**Because Its Protein Helps Normal People To More Effectively  
Appease The Appetite Control Center Of The Brain  
— So You Eat Less**

**Lactalbumin—The Revolutionary New Protein "Booster"  
From Milk—Gives It A "Higher Protein To Calorie Ratio"†**

**Better For All The Family Because  
Better In Complete Protein  
Than Ordinary White And  
Whole Wheat Breads**

In the brain's hypothalamic region, the appetite control center acts, in normal people, to increase your appetite... or... to reduce your appetite.

Eating some carbohydrate and protein-containing food 30 to 60 minutes before your regular meal is an effective way to reduce your appetite.

Protein helps appease your appetite longer.  
The less you crave food... the less you eat!

**PROFILE SPECIAL FORMULA BREAD  
DOES JOB FOR LESS**

Two slices of Profile Special Formula Bread 30 to 60 minutes before lunch and dinner should appease your appetite control center.

Four slices of Profile Special Formula Bread cost

about a nickel. Many wafers, pills, and tablets, used for appetite appeasement, cost up to twice as much to take. Thus, Profile Special Formula Bread curbs appetite for half their cost!

Actually, a one-pound Profile Special Formula Loaf gives you about 24% more complete protein than ordinary whole wheat bread; about 28% more than ordinary white bread. Because it contains the new miracle protein "booster" from milk—lactalbumin.

A loaf supplies about as much complete protein as 3 lamb chops. Note chart at right for vitamin and mineral content. Be sure to eat a well-balanced diet for sufficient vitamins and minerals.

**BUY PROFILE SPECIAL FORMULA BREAD  
FOR ALL THE FAMILY**

Buy Profile Special Formula Bread. It costs a few pennies more. And is worth it.

Not only in the exercise of scientific weight control. But because its higher complete protein content is an important aid to health and vitality.

And you'll love the flavor of Profile Special Formula Bread. It is light... with a beautiful firm and even texture.

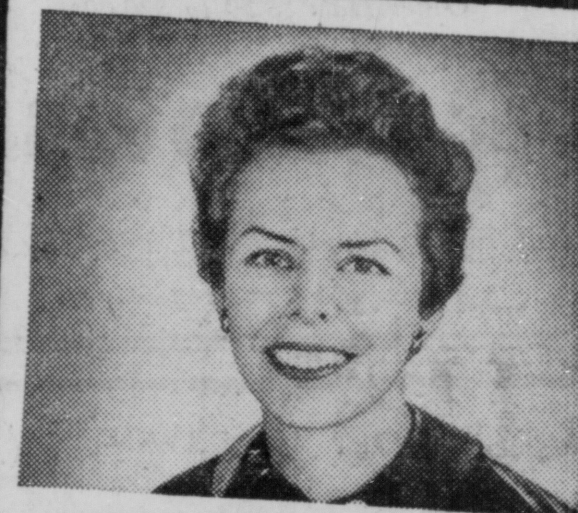

And it toasts perfectly! You'll really rave about Profile Special Formula Bread toast!

### KEEP YOUR WAISTLINE IN

Profile Special Formula Bread really works wonders. You won't lose 10 pounds the first week. But you can work for better control of weight, through appetite control... all of the time.

But see for yourself what Profile Special Formula Bread can do. Get it fresh from your grocer today. You'll be delighted with results.

### West Camp Fair Pet Show Judges Are Announced

A panel of judges well-known in the Saugerties area for the children's pet show, second day feature of the West Camp Church Fair Friday were announced by Foster Winchell Jr., chairman of the Young Couples Club fair committee.

They are: Miss Lauretta Tierney, Miss Saugerties of 1956 who will appear through the courtesy of the Saugerties Area Chamber of Commerce; Town Supervisor Peter M. Williams and Elden C. Myer, president of the Saugerties Fish and Game Club.

Three prizes will be awarded on the following basis: Most comical, best groomed and most unusual.

Pets will be registered at 6 p. m. and must be caged or in an enclosure. The pets will be exhibited until the judging which will be conducted between 8 and 9 p. m.

Youngsters up to and including 18 years of age may enter pets and are eligible for prizes. According to early reports approximately 20 youngsters have

indicated that they will register pets in the show.

The traditional fair dinner sponsored by St. Paul's Evangelical Lutheran Church of West Camp will open the festivities of the two-day fair Thursday. Servings will be at 5, 6 and 7:15 p. m.

The usual specialty booths conducted by the women of the church will display handicraft, toys, homemade candy, exotic plants, works of art, novelties and baked goods.

The outdoor fairway conducted by the Young Couples Club will feature the house of glass, Yankee pitching range, darts, hole in one golf, movies and pony rides for the kiddies. Early bird booths are open at 3 p. m. and the fairway opens at 5 p. m. both days.

An average freight train today carries 66 cars. In 1926 it was 46 cars.

## Other Check Is Set on Millions Used in Politics

Washington, Sept. 12 (P)—Investigating senators set up today another check on the millions of dollars being spent in this year's national political campaign.

Chairman Gore (D-Tenn.) of a privileges and elections subcommittee which is keeping an eye on spending and campaign practices in the 1956 elections, said he has asked the radio-television industry for another report on cost of political broadcasts up to Oct. 1. The subcommittee already has asked the two big political parties for periodic reports of the finances.

Harold E. Fellows, president of the National Assn. of Radio and Television Broadcasters, testified yesterday that an industry survey after the 1952 election showed slightly over six million dollars had been spent for radio-TV time.

Ernest Lee Jahnicke Jr., vice president of the American Broadcasting Co. (ABC), said a nationwide half-hour political program carried on all three major networks would cost between \$200,000 and \$220,000.

Gore called a recess in the subcommittee hearings today, but said the three-member group would meet privately to make plans for future hearings.

## U. S. Horse Wins

Doncaster, England, Sept. 12 (P)—Cambremere, owned by E. B. Strassburger of Norristown, Pa., won the 181st running of the St. Leger Stakes today. It was the final classic of the English racing season. Cambremere was the only U. S. owned thoroughbred in the field. Hornbeam, owned by Lord Astor, was second in the one mile, six furlong and 132 yard race. French Beige, another English owned horse, was third.

## Wicks Firemen Will Join Orange Parade

The A. H. Wicks Engine & Truck Co. will participate in the parade to be held in conjunction with the Orange County Volunteer Firemen's Association convention in Highland Falls Sept. 15, it was announced today.

The local firemen will be led by the American Legion Drum Corps, of Post 29, Greenwich, Conn.

It was also announced today that all members, who intend to parade, must report at the fire station no later than 10:45 a. m., on the day of the parade for inspection. Those who have uniforms will be required to wear black socks and shoes. Others will wear white shirts and dark trousers. Firemen's caps will be furnished.

## Gleason to Cut Down

New York, Sept. 12 (P)—TV comedian Jackie Gleason said today that he will appear personally on only 30 of his 39 Saturday night hour shows this season — and is giving a long, hard look at the 1957-58 season. Thus far the rotund comedian has declined to discuss plans for the next season with CBS, with which he has a 15-year contract. "Once a week is a tough grind," said Gleason, but he denied reports that he definitely would quit the once-a-week treadmill next year.

## Popular Utility

A popular utility in American homes in 1898 was a copper lined bath box which, when not in use as a bath tub, was used as a storage place for clothes.

## Frangello to Get Motorized Chair Sunday Afternoon

A motorized wheelchair will be presented to Samuel Frangello, Jr., 187 North street, at a buffet luncheon Sunday afternoon on St. Mary's Church Hall grounds, it was announced today.

The presentation will be made to Mr. Frangello about 4 p. m. The 660-pound battery-driven wheelchair, which can be used for transportation around the city, was purchased with funds contributed by friends throughout the city, it was reported by Tony Alecca.

Mr. Alecca and Edison Ferguson, special policeman at the Kingston Point Beach, organized the canvass which raised funds for the chair.

The campaign, by radio, press and letter, began in early July. Within two months sufficient funds were on hand to buy the Cushman Gopher Chair.

Mr. Alecca said today that the public was invited to attend the buffet. There will be no admission charge. He expressed his appreciation to "all those who contributed to make purchase of the wheelchair possible for this very worthy purpose."

## Fighters Weigh In

Syracuse, N. Y., Sept. 12 (P)—Welterweight champion Johnny Saxton weighed 145½ pounds and challenger Carmen Basilio 146½ at the weighing today for their return 15-round title fight at the War Memorial Auditorium tonight.

## Drake Held for Jury On Assault Charge

Clifton Drake, 29, of 60 East Strand, who was arrested Sept. 4 on a second degree assault charge, was held for the grand jury after preliminary hearing in city court yesterday.

The arrest was on complaint of John F. Meyers, 38, who gave no address. Police said Meyers claimed he was cut over an eye when Drake struck him with a drinking glass during an argument on East Strand.

Attorney Joseph Avis appeared for Drake and S. James Matthews represented the district attorney's office.

Hercules Hazel, 26, of 22 Randall avenue, Rockville Center, L. I., who was arrested on Wurts street early today on a speeding charge, forfeited \$20 bail through failure to appear in court. He was arrested by Officers Joseph Keller and William Slover.

The average U. S. farm worker can produce for himself and 18 others today. In 1880 he could produce for only 3½ others.

## Putnam Is Held For Grand Jury On Check Charges

Donald Putnam, 39, proprietor of Putnam Homes, Route 9W just north of the city, who is charged with grand larceny second degree involving the alleged issuing of fraudulent checks, was held for the grand jury following a hearing Tuesday afternoon before Justice of the Peace Harold E. Macholdt.

It is alleged in the complaint that Mr. Putnam issued fraudulent checks reportedly totaling between \$12,000 and \$15,000. Attorney Sherwood Davis appeared for Putnam and Assistant District Attorney Joseph Torocco for the DA's office.

A second charge of grand larceny second degree involving the alleged sale of a trailer which he reportedly did not own, was dismissed last week after a hearing before Judge Macholdt.

## Chamber of . . . Wiley Is Winner

this requires the services of qualified experts.

The membership committee reported that 88 new Chamber of Commerce memberships have been subscribed and approved since the beginning of the fiscal year on May 1.

Because of the increasing importance of educational projects and activities President Silkworth requested and received approval to revise the educational committee structure.

More Committees

Three committees will be appointed to replace the single committee which existed in the past. The Business-Education Day Committee will plan and conduct this program set for January 25, 1957. A School Committee will study the proposed plan for a greater city school district, as well as general educational problems. A third Industry-Education Committee will work on the problem of how to meet manpower requirements in technical fields of science and mathematics.

The next regular meeting of the board of directors of the Kingston Area Chamber of Commerce will take place in October.

## Four Cases End

tence will be imposed Monday. Donald Harry Williams, 17, New Paltz, charged with burglary, third degree, and unlawful entry, entered a plea of innocent when arraigned. Charles Gaffney appeared for him and asked for 20 days for motions and a copy of the indictment.

**Pleads Innocent**  
John N. Roggio, Ardonia, charged with burglary, third degree, and unlawful entry, alleged to have been committed on April 15, 1956, was arraigned and a plea of innocent was entered. 20 days was granted for motions when Roggio said John Wilkie was his counsel. Wilkie was not present in court. Bail was continued.

Acil Lent, 17, Post street, Kingston, charged with burglary, third degree, and unlawful entry in two indictments was adjudged eligible to be treated under the Youthful Offender statute on application of his counsel Thomas Saccaman. The indictment was sealed and his case will be disposed of at chambers later.

Court recessed until 10 a. m. Wednesday.

**Georgia Votes Today**  
Yesterday's voting was the last big balloting spree before the November presidential election. And both parties were sure to interpret the results in partisan ways for the rest of the campaign.

Georgians hold a Democratic primary today, leaving only Rhode Island and Massachusetts with state contests still to be decided.

Other results yesterday:  
The outcome of the Democratic senatorial primary battle in Wisconsin was settled earlier, when Elliott Wiest conceded victory to State Sen. Henry Maier. Wiest said he is a former state party chairman.

None of the nine incumbent Wisconsin representatives had primary opposition.

Atty. Gen. Vernon Thompson was unopposed for the Republican nomination for governor. William Proxmire had no opposition for the Democratic gubernatorial nomination. Republican Gov. Walter J. Kohler is not seeking re-election.

# Sawyers Losses Hurting

## 7 Regulars Gone From Grid Squad

Graduation losses took their toll on the Saugerties Central school football squad which is readying for the up-coming season.

Coach Bill Straub reports seven regulars have departed from last year's team which won six games and lost only two. Those gone include Jack Patterson, fullback and co-captain; Bud Dodig, defensive lineman; John Kerin and Maurice Hinchey, ends; Murray Craft, quarterback, and Louis Dietz and Al Westergard, guards.

**SEVEN LETTERMEN** are back which gives Straub something to smile about. They include Jon Ash, Fred Brenning, John Dragon, Jim Erceg, Tony Francello, George Neher and Don Whitaker.

The Sawyers' roster numbers 41 players. In addition to the lettermen the rest of the squad includes Alan Armstrong, Charles Brice, Tim Connaway, Dan Legg, Bill Lezette, Don Mornie, Al Notonicola, Hiland Newkirk, Leo Ostoyic, Jim Sandner, Barry Shapiro, John Snyder, Joe Sweeney.

And Harry Vickery, Robert Whitaker, Robert Wolven, Larry Hunter, Austin Kerin, Bill Morgan, Thomas Morgan, Terry Craft, Fred Hornbeck, Warren Mickle, Rudy Numssen, Dickie Spencer, Henry Hornbeck, Jim O'Connor, Harold Brooks, John Hansen, Bill Mergendahl, Tom Wright, Peter Cotich and Ray Berier.

**SAUGERTIES WILL** play a seven game schedule. Its first four games will be at home with Pine Plains Sept. 22. All the Sawyers' tussles will be in the afternoon except for a home engagement Oct. 12 with Liberty which will start 8 p. m.

Assisting Straub will be coaches Ernie Schirmer and Jack Welton. Managers are Bill Smith and Malcolm McKay.

The schedule:  
Sept. 22—Pine Plains, home.  
Sept. 29—Tannersville, home.  
Oct. 6—Highland, home.  
Oct. 12—Liberty, home.  
Oct. 20—Schoharie, away.  
Oct. 27—Coxsackie, away.  
Nov. 3—New Paltz, away.

## Syracuse Coach Picks Zimmerman As Quarterback

Syracuse, N. Y., Sept. 12 (AP)—Syracuse University football coach Floyd (Ben) Schwartzwalder has made another backfield change as the Orange continues hasty preparation for its opener against powerful Maryland, Sept. 22.

Schwartzwalder named Chuck Zimmerman, a Fordham University transfer, to the first-string quarterback assignment in place of Erd Kuczala.

**THE ORANGE COACH** said Kuczala has been bothered by an injury to the shoulder of the throwing arm.

Zimmerman is from Syracuse. He transferred from Fordham when the sport was dropped there.

Earlier this week Schwartzwalder moved Ed Ackley from left to right halfback to strengthen the latter position. He said that move was to keep opposition from concentrating its defenses against All-American hopeful Jim Brown. Ackley will alternate with Jim Riddell at the right halfback post.

The Syracuse-Maryland game will be played at College Park, Md.

**AT COLGATE**, coach Hal Lahar also was shaking up his team for added strength. The Red Raiders meet Cornell University Sept. 29, at Hamilton.

Lahar moved Sal Paratore from Frankfort and Al Jamison of Toledo, Ohio, from other line positions to tackle assignments.

Paratore played at guard for two years without lettering while Jamison was used as a tackle with the 1955 freshman team for one game. Paratore is six-foot, one and weighs 205. Jamison stands six-foot and weighs 225.

June graduations sapped the Raiders' tackle strength including All-America Tom Powell.

## Yesterday's Stars

**Pitching**  
Sal Maglie, Dodgers—Struck out six, walked none and scattered eight hits while driving in two runs with a single in 4-2 victory over Braves that lifted Brooklyn into tie with Milwaukee for National League lead.

**Hitting**  
Frank Robinson, Redlegs—had three hits in 11-5 victory over Giants, one his 38th home run that tied major league rookie record set by Braves' Wally Berger in 1930 and also matched Dodgers' Duke Snider for National League lead.

## Where He Belongs

Lawrence, Kan.—(NEA)—The tallest and heaviest man on the Kansas football squad is Ron Claiborne, 232-pound sophomore tackle who stands six feet five inches.

## SPORTSMAN'S DIGEST

By Hal Sharp  
"BLEED" BIG GAME?  
A HIGH-VELOCITY BULLET THAT PENETRATES CHEST AREA CAUSES EXTREME BLEEDING.

MANY "OLD TIMERS" AND MOST TYRO HUNTERS BELIEVE IT NECESSARY TO STICK DEAD GAME IN ITS HEART THROUGH THE PIT OF ITS NECK, OR TO CUT ITS THROAT FROM EAR-TO-EAR. THIS, SO THE BEAST WILL BLEED PROPERLY. THIS PRACTICE MARS THE APPEARANCE OF A MOUNTED TROPHY, AND IS UNNECESSARY BECAUSE MODERN BULLETS CREATE EXTENSIVE INTERNAL BLEEDING, FILLING THE CHEST TO BE PUMPED WITH OTHER DISCARD. SOME NUMEROUS WILL STILL "PUMP" LEGS.

**WORLD GOLF TROPHY**—George S. May, left the Chicago industrialist who is famed for gaudy sports shirts and the World golf tournament, presents the trophy to Ted Kroll after Ted's victory in the 1956 tournament at Chicago. Kroll will play an 18-hole exhibition and stage a clinic Thursday at 1 p. m. at Wiltwyck Country Club. The program is free and the public is invited.

# Wiltwyck Club Slates Member-Guest Tourney

Wiltwyck Country Club, host to the Ted Kroll exhibition Thursday, stages its annual Member-Guest tournament Saturday and Sunday, Sept. 15-16.

A 36-hole handicap affair, the tournament has always been one of the top events on the Wiltwyck calendar and is expected to attract a record field.

There will be a team auction at the end of 18 holes and a dance for the players Saturday night.

## One of the Best

The Wiltwyck tournament is one of three major events scheduled at area clubs over the still busy weekend.

Woodstock Country Club expects a 48-player field, 16 Northeastern PGA pros and 32 members for its first annual Pro-Member.

Each pro will play with a Class A and Class B member in the 18-hole handicap event. The team calcutta will be held Saturday night at the club at 8 o'clock and will be followed by a dance.

## The Barber Now Toast of Brooklyn

# Maglie Pitches Dodgers Into Tie With Braves for Top Spot

By ED WILKS  
The Associated Press

Sal Maglie, the old man with the beard who used to give Brooklyn fits, turns out to be the guy who pitched the Dodgers into a tie for the National League lead.

They nicknamed him "The Barber" around the league when Maglie worked for the New York Giants, partly because of the trade-mark stubble on his face and partly because his pitches close-shaved the batters.

In Brooklyn they called him something else. The 39-year-old righthander held a 23-11 lifetime hex on the Brooks and about the closest you can get in print to what the Dodgers called Sal is "that nasty old so-and-so."

But last night, Maglie was The Old Pro among Brooklyn's old Pros, striking out six, walking none with what he thought was a "second-rate curve" and driving in two runs while beating Milwaukee 4-2. It was Sal's 10th victory since being picked up from Cleveland in May and it lifted the world champs into a share of first place for the first time since April 28.

**AND AFTER** third place Cincinnati—with Frank Robinson tying the major league rookie record for home runs—had whipped the Giants 11-5, the Dodger victory left the pennant race like this:

	W	L	Pct.	Re- To
Won Lost Pct. hind Play				
Brooklyn	43	55	.438	16
Milwaukee	43	55	.438	16
Cincinnati	41	57	.418	16

St. Louis defeated Philadelphia 4-3 in the other NL games.

In the American, Yogi Berra hit his 236th career home run, tying a major league record for catchers, as New York's pennant-bound Yankees defeated Kansas City 9-5. Cleveland, with Bob Lemon winning his 200th in the majors, trimmed Baltimore 3-1. Boston dropped Chicago out of a second place tie with the Indians, beating the White Sox 5-3. Detroit pasted Washington 12-0 behind Frank Lary's two-hitter.

The Braves, who had the lead all to themselves since July 13, refuse to admit they're troubled by the pennant pressure. But it sure looks that way. While Brooklyn has won four of its last five, the Braves have won only two of five—and Bob Buhl, who had beaten the Dodgers seven times without defeat, blew up to walk seven in his 3 2/3 innings last night.

**BUHL AVERAGING** less than three walks a game in building a 16-7 record, left in the fourth when he twice walked the bases full and gave up Maglie's two-run single. The Brooks, with just five hits all night, got the clinching pair in the eighth off Ernie

## B. Ferraro Slams '300'

Buster Ferraro rolled into bowling's local Hall of Fame with a perfect "300" score in a warmup match on Sunday.

According to belated reports, Buster knocked off the perfect score on alleys 9 and 10 at the Bowlodrome in a friendly match with Whitey Crispell. He tossed 12 strikes in a row in the last game of a three-game set, after striking out in the second game for a string of 15 straight strikes. His other games were 192 and 194.

The witnesses included Joé Mannello, Leo Bechtold, Tom Carlino and several pinboys. Among those who have hit 300 scores in Kingston are Buster's brother, John, who has several to his credit; Bob Hanley, Larry Petersen Jr. and Larry Weishaup.

## Saxton Predicts Basilio Is Headed for Trouble In Title Fight Tonight

BY MURRAY ROSE

Syracuse, N. Y., Sept. 12 (AP)—Welterweight champion Johnny Saxton, determined to prove his right to wear the crown, boldly predicted that Carmen Basilio was heading "for a world of trouble" tonight when they clash in a return title bout at War Memorial Auditorium.

The 26-year old New Yorker flew in from his Summit, N. J., camp breathing fire.

"MAN, I'M LIKE a hungry dog guarding his bone," said the cocky champion. "If anyone tries to take it from him, he'll bite his hand. That's the way I feel about the title now that I've gotten it back. Man, he's in for a world of trouble."

Basilio, who finished up his training on his home grounds here, was grimmer and more anxious than ever to whip Saxton, the man who snatched the title away from him on a controversial decision in Chicago, March 14.

"I'm going to win," he said confidently. "I don't know if it will be by points or a knockout but I'm going to win. I'm out to give it to him good. I still say I deserved the decision in Chicago and I'm going to prove it."

As the fighters went into seclusion until the noon (EDT) weigh-in at the auditorium, the odds, once as high as 9-5 in favor of Basilio, dropped to even money. It was 11-10 and "pick 'em."

WHEN THEY CLIMB into the ring for the 9 p. m. (EST) 15-rounder, the odds may have swung in favor of Saxton. This would be surprising since a

majority of the boxing critics and most of the fans who saw the telecast of the Chicago scrap, thought Basilio, from nearby Chittenango, won handily. And surprising, too, since most of the fans will be cheering for the local product.

Some 8,400 of them will pay from \$5 to \$30 to make for a gross gate of around \$140,000. Syracuse, and nearby areas, will be blacked out of the coast to coast telecast (ABC). The network also is broadcasting the fight to the nation.

### Treasure Ship

Del Mar, Calif. (AP)—Four navy underwater photographers tried to find the wrecked hulk in 60 feet of coastal water which Melvin Scott, Del Mar skin diver, said he encountered. Scott, who came up with a gold ring, believes he may have discovered a sunken treasure vessel of Spanish exploration days. Others say it may have been an old ferry boat, with mock cannon, sunk in the area in 1935 during the filming of the movie "Captain Blood." They also recall that a garbage scow once went down in the area. The navy divers? They found nothing.

### Tale of Woe

Boston (AP)—Running an elevator in one of Boston's not-very-tall office buildings is not all beer and skittles. An operator told this tale of woe: "A guy gets on and starts to tell somebody a joke. Just as he's getting to the point—boom! It's time for them to get off. I never get to hear a whole story. It has been going on for years."

GIANT TALLY—Jackie Brandt of the Giants slides safely into home as he scores from second base on Bill Sarni's hit in the first inning of the Giant-Cincinnati game in New York. Redleg outfielder Wally Post's throw to catcher Ed Bailey was not in time. Umpire Bill Jackowski calls the play as Foster Castleman (12) of the Giants looks on. Cincinnati won, 11-5. (NEA Telephoto)

The burning question of the moment in area golf has to be: "What will Ted Kroll, the World golf champion and leading money winner of 1956, shoot at Wiltwyck Country Club Thursday afternoon?"

Locker room speculation ranges from predictions of even par to fantastic sub-par totals. In either instance, watching Kroll, one of the game's most solid hitters from tee to green, meet the Wiltwyck challenge, is certainly worth the price of admission. It's free you know, thanks to the Kingston Area Chamber of Commerce and the George S. May Engineering Company of Chicago.

The 16-year veteran of the professional trail should give area players an idea of just how rugged the Wiltwyck layout really is. Ted Kroll happens to be one of the three best golfers in the world.

The purists, of course, will be watching to see how Kroll attacks some of Wiltwyck's more challenging holes like the third, fourth, sixth, 17th as a matter of fact, the entire front nine.

There is a difference between those who play for pay and the weekend. But the original Wiltwyck course once proved that occasionally even a 9-hole can be fraught with difficulty for a major name player. When Denny Shute, then national PGA champion, visited the old Wiltwyck layout in the pre-war period, he had to scramble mightily to settle for a 5-over-par 75. We don't think Kroll will experience such a nightmare at the new course and predict he will be part or a few strokes under.

Whereas Shute had his troubles at the old Wiltwyck layout, we recall Gene Sarazen, the Squire of Germantown, racing over 9 holes in 32 without so much as a practice swing. Mr. Sarazen had a way with Kingston courses as his 65 at Twaalfskill and sub-par rounds at Woodstock will attest.

Although Kroll's name lacks the glamor of let's say, Ben Hogan, Sam Snead, Jackie Burke and Cary Middlecoff, he is nonetheless a brilliant golfer, highly respected and feared by members of the craft.

What many golf addicts overlook is the often hidden fact that Kroll in 1956 narrowly missed achieving one of golf's most prodigious grand slams. He won the World tournament at Tam O'Shanter with a blistering 15-under-par 273. Ted had the U. S. Open in his grasp until the last three holes and then lost the PGA crown to Jackie Burke in the finals. A bit of luck here and there and he could have emerged as a triple crown winner.

Although it took the ex-East Hartford, N. Y. caddie 16 years to scale the golfing heights, Kroll has ranked consistently among the PGA's top money winners the past five years.

After the World golf tournament with its \$50,000 jackpot, Kroll had accumulated \$72,835, assuring him the 1956 PGA money-winning crown. Cary Middlecoff trailed in second place with \$26,932. In 1952 Kroll made his first move into the top ten with earnings of \$19,908. He was fifth that year and eighth in 1953 with \$18,057. In 1954 he won \$13,610 and last year piled up \$25,117 for sixth place. These figures prove that golf can be high class living for those blessed with the skill and temperament to survive the year-round grind.

Kroll also has a wide lead in the Ryder Cup competition with 512 1/2 points, assuring him of a berth in the forthcoming series with England. Middlecoff is next with 431. Jackie Burke, Tommy Holt, Doug Ford, Sam Snead, Ed Furgol, Fred Hawkins, Dick Mayer and Don Fairfield trail in that order. Kroll is second to Middlecoff in the Cardon Trophy competition with a 4326 strokes over 62 rounds for a 70.28 average, just a shade better than Kroll.

Anyway you look at Ted Kroll, he is one of the top golfers of the day. We highly recommend the clinic and exhibition Thursday at Wiltwyck. Even if you have to have a grandmother die conveniently or maybe take an early sneak from the office, or abandon the business for just one more day in 1956.

## Ward's Chances Good to Retain Amateur Crown

By HUGH FULLERTON JR.

Lake Forest, Ill., Sept. 12 (AP)—Harvie Ward opines that if he can stay around for a couple more rounds in the National Amateur Golf championship he'll be tough to beat.

That probably is the understatement of the week from the defending champion, who is playing so well over the lengthy Knollwood course that a lot of people think he'll be the first golfer in 21 years to win the title twice in succession.

THE GOOD-LOOKING, blue-eyed San Francisco automobile salesman tempered his mildly optimistic statement after handing Art Hoff of La Grange, Ill., a rather brutal 5 and 4 licking yesterday in his opening match. "You can say I'm feeling wonderful; I feel like I'm going to repeat—and I'll probably get beat tomorrow morning," Ward chuckled.

By nightfall two more rounds will be over and the field will be down to 16. Strictly off the record, these players still figure to be around for another double-knockout round Thursday.

WARD, EX-CHAMPIONS, Charlie Coe and Willie Turnesa, Canadian Open champion Doug Sanders and probably little Joe Campbell in one half of the draw; Ken Venturi, another San Francisco automobile man; Walker Cuppers, Don Cherry, Billy Joe Patton and Dale Morey or ex-champion Dick Chapman and former junior champion Rex Baxter in the other.

There's a little extra reason for Ward's confidence. He figures the sprawling 6,190-yard par 71 Knollwood layout as a drivers course. And in yesterday's match he conducted a successful experiment to lengthen his drives.

"I tried something new about shifting my weight," Ward explained. "I didn't always compensate for the change with my hands, but when I did I was really booming them down the fairway."

WARD FINISHED his 14 holes four under par.

Ward's score wasn't the best of the second round. Baxter, the young Texan who won the USGA junior title in 1953, shot Knollwood's front nine in 31 and stayed four under par to the finish of a 7 and 6 victory over Harvey Woodward of St. Clair Shores, Mich.

Some of the favorites, notably Cherry and Turnesa, had narrow escapes but only a couple joined first-round loser Joe Conrad on the upset mourner's bench.

Syracuse University completed only 31 forward passes during the 1955 football season, but 11 went for touchdowns.

## BOWLING SCORES

Bob Enright powered a 258 solo and 631 series in the Booster League last night to lead the city's male trundlers.

Distaff honors went to Rose Helen Mellert of the Friendship "A" League, who stacked games of 176, 216 and 142 for 534.

Frank Bartroff of the Central Rec circuit grabbed individual high single honors with a 264 and added 152 and 190 for a league-leading 606.

Herm Schneider spliced games of 181-178-203 for top series of 562 in the Good Neighbor wheel.

Best-of-night in the IBM Ontario circuit was Reilly's 538, via 151-213-174.

### Egan Hits 528

Runnerup in the Friendship loop was Mrs. Elizabeth Egan with 204-528. Elsie Dykes shot 505, Sally Kuehn 500, Dot Rawding 202-520, Cora Emerick 409, Mary Wyant 423, Chrissie Wilson 457, Margaret Mellert 408, Hilda Krum 415, Florence Kelder 446.

## Mid-City Track Sets Title Races

The New York state stock car championships are slated to start Saturday night at Victory Speedways in Middletown.

The program will consist of two 10-lap heats of 25 cars each, a 10-lap consolation of 30 cars and a 100-lap event with at least 30 cars entered. Ten drivers will qualify from each heat and consolation for the 100-lap feature.

Leading candidates for the championship include Bud Marl, top point driver; Ray Brown; Sonny Strupp, runnerup to Marl; Buster South, Danny Mitchell; Larry Shurter; Doug Benjamin; Bill Murdock, and Carl Van Horn.

Marl, who's well in front with 441 points, is a question mark to start. His appearance hinges on whether he can repair the damage on his car sustained in an accident over the weekend.

Ted Dailey, Syracuse University line coach, was an All-American end at Pittsburgh under Jock Sutherland.

500, A. Solan and B. Beckwith 501.

Team results: Weiner AC 1, French Dye Works 2; NMI 3, Pride Cleaners 0; Vineyard Lodge Motel 0, Unknowns 3; Elston's Insurance 0, Orkoff's Floor Waxers 3; Gov. Clinton Pharmacy 2, AI Men's Club 1.

## Gaucas-Sinclair Shoot 64 To Win Pro Best-Ball Play

Johnny Gaucus of Van Schaick (Cohoes) and Alex Sinclair of Mohawk fired a score of 64 to capture the pro best-ball tournament Tuesday at the Ontario club at Tannersville. They had nines of 32-32.

Steve Kay of Sharon Springs and Scotty Robertson, the home pro, teamed for 36-31-67 for second place.

Other scores included: Jack Maxwell-Scotty Robertson, 35-33-68; Alex Gerlak-Frank Grygiel, 34-34-69; James Murray-Walter Thiel, 34-36-70; Bob Smith-J. Carson Hutchins, 37-35-72; Eddie Brown-Bill Gressick, 38-35-73; Bob Haggerty-Steve Savel, 38-35-73.

Gaucus posted a 67 on his own ball with nines of 34 and 33 for low score of the day.

The professionals make their next stop Sunday at the Woodstock Country Club for the club's first annual Pro-Member tournament.

### Kingston Trotter Wins

Saratoga Springs, N. Y., Sept. 11—Atwell Hanover, a four-year-old gelding son of Dean Hanover owned in Kingston by Dr. John A. Olivet, won a division of the \$2,700 Oneonta Trot tonight at Saratoga Raceway. Tony Ambo drove the winner in 2:10 1/5 for a \$5.20 payoff.

### Lions Fete Team

Hurley Lions Club, sponsors of the Red Sox team in the Hurley Little League, will fete the players, coach and manager this evening at 6:30 p. m. at the SRS Home in Cottekill.

Roy Simmons is the dean of the Syracuse University coaching staff. He has been at Syracuse since 1925. He coaches lacrosse, assists with football and handled the Orange boxers.

Bob Grieve begins his 11th year as Syracuse University cross-country and track coach this fall.

## Boat Handling Classes Slated At Kingston High

A free course in small boat handling and elementary piloting will be offered at Kingston High School for those interested in boats and water sports.

The series of lectures will begin Sept. 26 and run for 11 weeks including review. Lectures, question periods and homework assignments will make up the course.

THE COURSE is sponsored by the United States Power Squadrons and is open to both men and women and is free of charge. Lectures will cover seven subjects. They include: Minimum Equipment Required By Law on Boats (as well as optional equipment); Navigational Aids (buoys, lights, etc.); Rules of the Road Afloat; Safety at Sea; Seamanship (anchoring, docking, lines, knots, kedging, etc.); Manners and Customs Aboard; Charts (how to read them and piloting) and the Mariner's Compass.

Material in the course is designed to be of value to all boat owners regardless of the size of the particular craft, as well as to those who plan to take up boating.

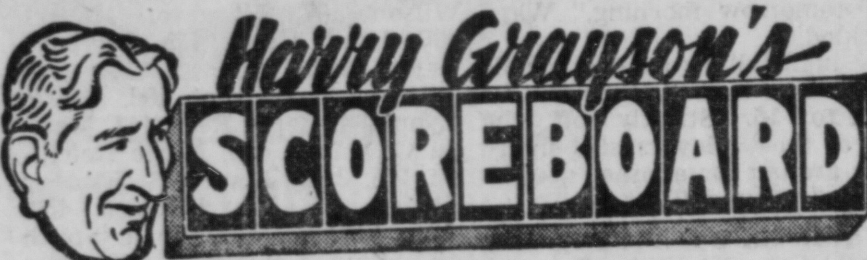

Classes will begin at 7:15 p. m. Persons interested but who will be unable to attend the first session are urged to contact Cleon Jump or Harold Davis during the day. Mr. Jump's phone number is 1122 and Mr. Davis' 2818.

Syracuse and Colgate will meet on the gridiron for the 57th time this fall.

Quarterback Chuck Fogarty, a Syracuse, N. Y. boy who weighs in at 166 pounds is the lightest man on the Syracuse University grid roster.

**PICKOFF ATTEMPT FAILS** — Brooklyn Dodgers' Carl Furillo skids safely back to first as Milwaukee Braves first baseman Joe Adcock tries tag in second inning pickoff attempt in game at Ebbets Field, N. Y., Sept. 11. Milwaukee catcher Del Rice threw to Adcock. (AP Wirephoto)

Fort Worth, Tex.—A new tier seating 9,000 is being rushed to completion on the west and shady side of TCU Stadium, swelling the capacity to 46,000.

"The tier that Jim Swink built," remarked someone to L. R. Meyer.

"I Swink so," replied Dutch Meyer, who is now the athletic director after having coached Texas Christian for 19 years.

"Swink is the greatest running back I've ever seen, better on the ground than even Doak Walker," added Meyer, who has been associated with the Horned Frogs' athletic program since 1918.

Texas Christian was leading Baylor by no more than 14-6 early last November when the Frogs had the ball on their own one-yard line with third down and 28 to go. Abe Martin sent in Ray Taylor to punt.

"What are you doing in here?" asked quarterback Chuck Curtis.

"Coach sent me in with instructions to kick," said Taylor.

"Coach didn't say when, did he?" inquired Curtis.

"No, he didn't," said Taylor.

"Then we'll run a play first," announced Curtis.

So, on a quick opener, Swink picked up an even faster 31 yards.

Fullback Vern Hallbeck went up the middle on the next play, and then Swink was shaken loose for 57 yards and the touchdown that broke the game wide open.

**SWINK, THE MOST EXCITING** of college football players, is a handsome, six-foot one-inch, 185-pound, 20-year-old pre-med senior out of Rusk, a farm, timber and small industry town in the oil country of southeast Texas.

"If there were 7,000 people in Rusk," beams Swink, as his teammates call him, "the place really would be jammed."

Giving you a rough idea of just how much excitement young Swink stirs up, five of his 20 touchdowns runs last autumn were for more than 50 yards, nine for more than 30.

Swink is precisely what the football writer and press agent of 20 years ago meant by a swivel-hipped halfback. He is not too fast . . . 10.5 for the 100 . . . but a movie of the runs he has made since he was a sophomore shows that he has to be tackled squarely in the middle to be brought down. The best defensive players attempting to tackle him at an angle haven't a Chinaman's chance.

The Rusk Rambler just spins and keeps on going. He could reverse his field on a subway token, has perfect balance and the quick pick-up of a quarter horse. No back ever got more out of his blockers. And he hits straight away with the force of Bronko Nagurski.

**SWINK, WHO FIRST** attracted TCU attention as a basketball player, is not only the Fort Worth institution's athletic hero, but also its most popular student. The student body last year elected him Mr. TCU. His B average placed him on the National Scholastic team.

"If you say anything about that," said Swink, "please add that Johnny Nikkel made six A's as a geology major last semester to be selected to the All-America academic team."

Nikkel is a six-foot four-inch, 220-pound blocking and pass-snatching end.

Swink switched from geology to medicine. Intends to become a doctor. He stresses how fortunate he was to have been brought up by wonderful foster parents, Mr. and Mrs. O. B. Walker, with whom he still lives in Rusk. Walker is in the insurance business.

Swink, everybody's All-American, says that right now he has no intention of playing professionally. What, then, is his ambition in football? A schedule which comprises Kansas, Arkansas, Alabama, Texas A. and M., Miami of Florida, Baylor, Texas Tech, Texas, Rice and Southern Methodist is not enough.

"I'd like to play against one of those Big Ten teams," says Jim Swink. "They tell me they're tough."

Dick Aloise, a junior end from Rensselaer, N. Y. who performs with the Syracuse University football team, is also a member of the Orange varsity basketball squad.

## Patterson Given Green Light to Resume Training

New York, Sept. 11 (AP)—Floyd Patterson, heavyweight contender, has completely recovered from the broken right hand suffered in the Tommy (Hurricane) Jackson bout and can go into immediate training for a title bout, Chairman Julius Helfand of the New York Athletic Commission announced today.

Helfand made the statement after six physicians had made another examination of the hand.

Helfand said that Patterson could start training at once and suggested that he could fight within the month if he desired.

Harry Markson, Managing Director of the International Boxing Club, said the IBC would resume negotiations with Cus D'Amato, manager of Patterson, and Charles Johnson, manager of Archie Moore, No. 1 candidate for the heavyweight title abdicated by Rocky Marciano.

"The date and the site will be determined during these negotiations," said Markson. D'Amato, standing nearby, said bluntly "I want the fight held right here in New York."

### Seized for Deportation

New York, Sept. 12 (AP)—Irving Sherman, onetime confidant of gambler Frank Costello and former Mayor William O'Dwyer, has been seized for deportation. Agents of the Immigration and Naturalization Service arrested the 59-year-old dress manufacturer yesterday. In 1951 FBI Chief J. Edgar Hoover described Sherman as "one of the most prominent criminals in the underworld and also a very powerful politician in New York city."

### Man Still Missing

Liberty, N. Y., Sept. 12 (AP)—A handyman was still reported missing today after fire destroyed the employees' quarters at the Frederick Hotel in nearby Glen Wild. State police said the smoldering ruins remained too hot for a search to determine whether the handyman, whose name was not known, could have been trapped in yesterday's blaze. The 30-room main hotel building was not damaged. The hotel was closed for the season.

## Sponsors Extend Invitations to Midget Car Races

The Junior Chamber of Commerce and the Kingston Recreation Department today extended a personal invitation to everyone to attend the junior midget car racing program Sept. 23 at Hasbrouck Park.

J. Richard Shults of the Jaycees and Andrew Murphy III, superintendent of recreation, said that the program is open to everyone free of charge. The Jaycees and the Rec Department are co-sponsors of the races.

**SOME 25 YOUNGSTERS** representing the Long Island Motor Sports Club will participate in the races. The youngsters are both boys and girls, ranging from four to 12 years old and live in Long Island.

Racing contests will be in home made cars, specially equipped with one cylinder lawnmower engines of from one to two and one-half horsepower. Drivers will be equipped with safety helmets, goggles and gloves. Each car will be inspected before a race and drivers will be required to pass a performance test.

The course will be 1/20th of a mile and in a circle. Heats will be raced to determine starting positions for the finals.

Medals and trophies will be presented after the competition ends.

## Boardman KO's Carter in 8th

Boston, Sept. 12 (AP)—Confident Larry Boardman, 137—who gained national acclaim as a stand-in—looked forward today to a lightweight title match after adding Jimmy Carter, 139, to his victims and Blinky Palermo to his board of strategy.

"The right hand was everything," the 20-year-old Marlborough, Conn., youth said last night in the dressing room after flooring the 32-year-old Carter three times in the eighth round for a technical knockout at 1:35 at Boston Garden.

Boardman, rated the No. 1 contender for Joe Brown's lightweight crown by the National Boxing Assn., had hurt Carter with his short overpowering rights in the second round. Jimmy never quite got over it.

"THEY CAN'T deny us a title shot now," said Sam Boardman, Larry's father and manager. "As soon as Brown's hand heals (he has a broken hand), we're hoping we can get a title shot here."

The elder Boardman admitted that since Larry's June television knockout of Frankie Ryff, Palermo has taken a 10 per cent interest in Larry. Palermo is welterweight king Johnny Saxton's manager.

Larry gained his first big victory over then lightweight king Bud Smith here as a sub for Tony DeMarco out with the virus.

## Estes to Launch 15-State Drive

Washington, Sept. 12 (AP)—Sen. Estes Kefauver, the democratic vice presidential candidate, will embark Friday on a 15-state "truth-telling" campaign swing, it was announced today.

James A. Finnegan, campaign director for the Adlai Stevenson-Kefauver ticket, said the American people "are entitled to know the truth about the sorry performance in office of the special interest Eisenhower-Nixon administration."

Kefauver, Finnegan said, "will tell it to them on the main streets of America."

Lauding the Tennessee senator as "one of the most formidable campaigners . . . in many decades," Finnegan said Kefauver would carry his fight to "a record-breaking number of counties, cities and towns between now and Election Day," Nov. 6.

During the first two-week offensive, Kefauver is scheduled to visit Florida, Ohio, Wisconsin, Minnesota, Montana, Oregon, Washington, North and South Dakota, Michigan, Kentucky, Indiana, Illinois, Pennsylvania and West Virginia.

## Two Youths Killed

Sussex, N. J., Sept. 12 (AP)—Two youths were killed when an auto upset on Rt. 94 last night and state police quoted the lone survivor of the mishap as saying all three had been drinking in nearby Warwick, N. Y. Troopers said the trio at the time was driving south on the highway at speeds up to 88 or 85 miles an hour. According to state police, the driver, Gerald Sanders, 20, of R.D. 1, Hamburg, lost control of the car when he roared onto the macadam road and struck an embankment. Killed instantly were Sanders and a passenger, William Bush, 22, of Rt. 23, Hamburg. They both suffered compound fractures.

## Wagner Criticized For His Formula On School Aid

Albany, N. Y., Sept. 12 (AP)—A Republican leader says Mayor Robert F. Wagner of New York city is "dedicated to destroying"

the present school-aid formula in favor of one that would gain more state funds for his city. Assembly Majority Leader Joseph Carlino told a meeting of Republican Assembly candidates yesterday: "Remember this when Wagner comes upstate seeking election to the Senate."

The political attack was the first by the Republican camp after Wagner was nominated unanimously Monday as Democratic candidate for the U. S. Senate.

Carlino said Wagner had testified at a legislative hearing that New York city, with 41 per cent of the state's pupils, received only 28 per cent of the state aid to schools. The majority leader said Wagner wanted the aid allocated on a per-capita basis rather than the present flat-amount formula.

The GOP plans additional strategy meetings tomorrow in Rochester and Monday in New York city.

### Wounded in Ambush

Nicosia, Cyprus, Sept. 12 (AP)—Seven British soldiers were wounded last night in the ambush of two military trucks near Larnaca on Cyprus' south coast. They came under fire from automatic weapons and shotguns. British authorities blamed the incident on Eoka, the Greek Cypriot underground fighting for annexation of this island to Greece. The ambush was one of the worst in recent weeks.

The Free State of Israel was proclaimed in Tel Aviv on May 14, 1948. First recognition of the new state came from the U. S. on the same day.

### Seeks Partial Custody

Los Angeles, Sept. 12 (AP)—Rep. James Roosevelt (D-Calif.) is demanding partial custody of his three children. His former wife, Romelle, says she will "resist to the limit." Roosevelt

asked Superior Court for custody of James Jr., 10, Michael, 9, and Anna Eleanor, 8, for six weeks each summer, on alternate weekends, throughout the year, and on certain holidays. He also asked that child support pay-

ments to their mother cease while he has the children.

PROCLAIMS ISRAEL BOND MONTH—Mayor Frederick H. Stang looks over proclamation he signed designating September as Israel Bond Month in Kingston. With him are Joseph Honig, left, chairman of the bond drive and Joseph Levine, committee member. The mayor called upon residents to participate in the campaign as a worthy, necessary and helpful aid to a fellow community of peace-loving people. Mayor Stang's proclamation also noted that more than 800,000 U. S. men and women have purchased Israel bonds in the amount of \$250,000 during the last six years, thus aiding in the development of and strengthening of the economy of the new state of Israel. ## Strike Continues At Dutchess Plant

Negotiations were continuing today in the two-week-old strike of approximately 1,100 employees of the Schatz Manufacturing Co. of Poughkeepsie. The company had "no comment" to make this morning. The Freeman said the strike was still in progress. Employee members of a local union of the United Auto Workers struck at midnight Aug. 31 when the previous contract expired.

## Kindergarten Sessions Split At Mt. Marion

Separate sessions for 45 pupils enrolled in the kindergarten and first grades at the Mt. Marion School were provided at a meeting of the Saugerties Central School board of education Monday evening. Beginning Thursday the first grade will begin its session at 8:15 a. m. and close at 1:05 p. m., with a 20-minute lunch period. The kindergarten will begin at 1:30 p. m. and close at 3:30 p. m. The kindergarten group will be taught temporarily by Miss Florence Campbell while Mrs. Myrtle Sinsapugh will teach first grade. It was announced by Dr. Grant D. Morse, superintendent of schools. Other business at the meeting included approval by the board to provide drinking water on the athletic field north of Main street, opposite the Main Street School. Parents groups were present from Blue Mountain and Mt. Marion, requesting additional transportation for pupils in those areas. A three-member committee was appointed to review the transportation question.

## Woman Is Found Dead in Hotel

New York, Sept. 12 (AP)—Avis Gray, attractive 25-year-old school teacher and daughter of an attorney and law professor at New York University, was found dead under suspicious circumstances early today in a room at the Park Crescent Hotel, 150 Riverside Drive, police reported. Police said the woman, whose fully clothed body was found sprawled across a bed, apparently died as a result of drinking sodium cyanide diluted in water.

Student Finds Body  
Police said the body was discovered by Hugo Sienfield, an exchange student from Istanbul, Turkey, who, according to the hotel, had registered with the woman at 11 a. m. yesterday, signing the register "Hugo and Avis Sienfield, Istanbul, Turkey." The woman's father is Dr. Herman A. Gray, with a law office at 551 5th Ave., police said. Her mother, Sarah, is supervisor of a board of health dental clinic at 295 Flatbush Ave., Brooklyn, police added.

Was Area Visitor  
Miss Gray returned to this country last April after attending the American College in Istanbul, police reported. She spent the summer living with her mother in a bungalow, in Pine Plains, near Poughkeepsie, N. Y. Police notified Mrs. Gray of her daughter's death at her home, at 174 Maple St., Brooklyn. Dr. Gray, police said, has been in Europe for a year and is scheduled to return here Friday. Sienfield made his first report of Miss Gray's death in person at the West 68th street station.
